Girl Eagles To Regionals Sat. With Stephenville

The Canyon girl Eagles, after sweeping back-to-back games from Muleshoe last weekend to win the District 1-AAA Championship, have been working hard all week preparing for their first step toward retaining the state championship. After drawing a bye at the bi-district level, the Canyon sextet will play Stephenville at Sweetwater Saturday night.

The Canyon girl Eagles, defending state AAA Champions, will meet Stephenville Saturday in a regional playoff game to be held at Sweetwater at 7:30 p.m. The Canyon sextet vaulted into regional action by downing Muleshoe twice last week and by drawing a bye at the bi-district level.

On Friday night the Eagles walked over Muleshoe at home by a score of 67-40, and then came back the next night to take a tie-breaking playoff game played at Friona by a score of 61-48.

Coach Bob Schneider termed both Muleshoe encounters as "must games" and he credited the entire squad for "tremendous team effort."

"We had to win them both," the coach said following the game that gave Canyon its vicelike grip on district honors. "The kids did it... they came through when they had to."

Coach Schneider saw the Stephenville team play their bi-district playoff game Monday night when they beat Mansfield 49-48 and he credited them with being "a good ball club" boasting two extremely tall girls. "Their post forward is 6-1 and their post guard is 5-10," he added.

Stephenville's season record was 22-5.

Canyon's tallest players are Rhonda Umberson and Carla Ratliff who stand 5-9 1/2.

According to Schneider, the Eagles will "have to play their defense and keep the tall girls from getting the ball too much."

The Stephenville team uses a girl-to-girl defense, the coach said after returning from watching them play.

Canyon, said Schneider, will continue to play in the same manner that has taken them to a 28-5 season record and the district title. "We are going to play the same way but we are trying to improve what we have," he said.

The coach cited several players for their contributions during the back-to-back games with Muleshoe. "Cindy Bullock played one of her best games Friday night and Judy McBroom and Mandy Sternberg helped a lot," he said. "It was just a real good team effort."

In the playoff game Saturday night, Kim Killingsworth tossed in 25 points to lead all scoring, and Regina Hardaway of the girl Mules hit for 26.

Other Canyon scorers in the Saturday game were Alisha

Nelson 16, Sheryl Gunter 11 and Mandy Sternberg 6.

The Eagles hit 24 of 50 field shots for 48 per cent, and were on target 13 of 21 times from the free throw line for 55 per cent.

Rebounders were led by Carla Ratliff with 5, Killingsworth and Gunter with 3 each, Judy McBroom and Alisha Nelson with 2 each and by Lynn Davis, Susan Hull, Cindy Bullock and Mandy Sternberg with one each.

Canyon experienced 11 turnovers during the Saturday night game.

Ratings for guards stood at a plus-13 for Ratliff, a plus-3 for Davis, plus-2 for McBroom and Bullock, and a plus-1 for Hull.

In Saturday action, the Eagles trailed 14-13 at the end of the first quarter but had pulled out in the lead 28-21 at the half. They moved to a ten-point lead at the end of the third quarter by 44-34.

In taking the tie-making decision from Muleshoe on Friday night, Killingsworth again led Eagle scoring with 30 points. In that outing, Gunter posted 18, Nelson 11 and Carla Swartzell 8. Bullock, with a plus-12, and McBroom and Ratliff with a plus-10 (See EAGLES, page 10)

The upper portion of the south wall of the Cambridge House Apartments on the hill above Hunsley Hills addition collapsed earlier this week. High winds roared into

Randall County Monday, blowing down business signs and causing some crop damage in areas.

Citizen Of Year To Be Named

Chamber Banquet Features Jackson

Naming of Canyon's Outstanding Citizen of the Year, the Hustler of the Year, and a speech by a well-known television sportscaster will highlight tonight's Canyon Chamber of Commerce banquet.

The banquet begins at 7 p.m. in the West Texas State University cafeteria.

Tickets will be on sale at the door. They are still on sale from the First National Bank, West Texas State Bank, Chamber of Commerce, and Chamber directors. Price is \$6.50 per person.

Keith Jackson, who is most seen at this time of year broadcasting basketball games from the NCAA and NBA, will be guest speaker at the banquet.

Chamber board members voted last week on the Outstanding Citizen of 1972, who will be

named and honored during the banquet tonight. The board also voted to award a special honor this year to the Hustler of the Year.

Tonight's invocation will be given by the Rev. Baldwin Strubling, pastor of the First

Presbyterian Church.

Dr. James P. Cornette, president of West Texas State University, will welcome the chamber's guests and David

West, chamber vice president, will introduce special guests.

Outgoing directors Eddie Knowles, Eddie Holcomb, Gene Glazener and Dr. Robert West will be recognized by Chamber President Raymond Raillard, who will also introduce current

directors.

Betty Markham, president of the Chamber's women's division, will introduce directors of that group.

Jackson's speech is expected to cover a wide range of sports topics, including misconceptions about sports from the playground to the Olympics, validity of and personal observations from 22 years of watching and reporting sport activities.

Jackson, a native of Georgia and a broadcaster with ABC, has covered "virtually every sport known to man and some not known previously throughout the world."

He has commented on sports and the sport scene through the ABC Wide World of Sports program and in various individual reporting efforts in covering the Olympics, football and basketball.

During the fall of the year, Jackson appears on the

television screen with commentary and action coverage of NFL Monday Night football. During the winter, he broadcasts college and professional basketball. And, during the summer, he televises the major league baseball game of the week.

Jackson has been with ABC sports since 1963. He is a Marine Corps veteran and was an honor graduate at Washington State University.

Jackson and his wife, Turi Ann, have three children.

Tax Computer Bid To WTSU Center

West Texas State University's computer center was the lone and therefore the low bidder to computerize the Randall County tax office as commissioners opened bids Monday.

The computer center bid a maximum price of \$21,100 for the first year computerization of the office.

Following opening of the bid, commissioners discussed at length the reason why only one bid for the computerization was received.

Commissioner John Fulgenzi raised the original question.

"Sometimes in the past we would rebid if we received only one bid," he said. "So, we need to ask why others didn't bid. I'm sure the press would like to know."

"It would be difficult to bid against a firm that's bidding at a cost," Commissioner Bill Butler said, noting that WTSU said its bid that the computerization

would be provided "at cost." County Auditor Betty Hodges said she sent notices to six computer firms to give them a chance to bid on the project. She said notices were sent to Panhandle Finance in Plainview, Diamond Shamrock in Amarillo, Western Data Center of Amarillo, Pioneer Natural Gas of Amarillo, American Computer and Accudata.

Mrs. Audrey Bruse, tax assessor-collector, said only two of the six firms contacted came to Canyon to discuss specifications with her.

"The people from Plainview called once and asked the number of our terminal," she said. "But, they didn't contact me to make a bid."

PFC of Plainview had earlier told the News they could computerize the county tax office at a cost far less than the \$21,100 quoted by the WTSU computer (See TAX, page 10)

Treasurer Claims Treatment 'Unfair'

County Treasurer Ruth Hill said this week she is being treated unfairly by county commissioners in their handling of her request for part-time office help.

Mrs. Hill, county treasurer here for years, went to commissioners two weeks ago and requested a part-time worker be hired for her office to aid with her work.

Commissioners at that time told Mrs. Hill to compile a daily log of how much work she does in how much time for a month and return it to commissioners.

"I don't think I ought to have to do that," Mrs. Hill told The News.

She turned in her first week log of work to commissioners Monday.

"If I were asking for somebody to stay in here and just piddle around and talk to me, it'd be

different," Mrs. Hill said. "I don't just sit around in here and twiddle my thumbs."

Mrs. Hill told The News she has had a part-time worker in her office since 1958.

"I had them only when I had to have some help in here," she said.

Commissioners refused last year to hire a part-time worker for Mrs. Hill and she said she has been paying for a worker out of her own pocket.

She said she paid a woman about \$400 last year to work part-time in the office out of her own pocket.

Already this year, she said, she has spent her own money to hire a woman to help process W-2 forms and close out January books.

"Sometimes I just can't do it all and get it out on time," she said. (See TREASURER, page 10)

King Re-elected As TMEA Head

J. W. King Jr., band director at Canyon High School, was re-elected to a one-year term as president of the 3,000 member Texas Music Educators Association during the 49th annual clinic-convention just concluded in San Antonio.

Elected with King were three division vice-presidents who will serve two year terms. They are: Ruth Merrill, Cleburne, elementary division; Barbara Firestone Eads, Houston, orchestra division; and James A. Moore, Irving, vocal division.

Remaining on the executive committee for another year are Eddie Galvan, Corpus Christi, band division vice-president, and Dr. David McGuire, Denton, college division vice-president.

Approximately 5,000 people participated in the three-day clinic-convention, climaxed by the Grand Concert of the All-State High School Choir, Symphony Orchestra and

Symphony Band.

Canyon, with one of the largest representations on the All-State Band, placed six. They were Brad Garner, Nancy King, Teddi Crager, Vern Zimmerman, Doug Rittenberry and Sharon Lumry.

Assistant band director Gary Laramore, along with King, accompanied the Canyon students to San Antonio.

That thing which we are committed to do even "if it kills us" may give us most comfort at the end of life.

UN Is Answer For World Peace, Newscaster Says In Broadside

The United States, the Soviet Union and Red China used Vietnam as the battleground to play out their international power politics and virtually ruined that country, Miss Pauline Frederick, network television newscaster, charged Monday night.

Miss Frederick, who for 17 years has covered the United Nations, used the Vietnam war as an example throughout the evening of how the three most powerful countries in the world have throttled the UN's effectiveness at achieving world peace for their own selfish ends.

While waging surrogate war in Indo-China, the three nations have at the same time been saying they are at peace with each other.

Miss Frederick accused the American people and leadership of developing an attitude which "tolerates the intolerable."

She spoke at West Texas State University.

"For nearly a decade we've been assured that what's going on in Indo-China is peace," she said. "That's right out of George Orwell's '1984' where the key phrase of Newspeak is that war is peace."

Miss Frederick said the ability of Americans to "tolerate the intolerable" is a result of the American experience during World War II, when the only suffering undergone on this continent was suffering from rationing. At the same time, industrialists and businessmen were becoming wealthy off the war economy, she said.

Americans did not experience

the devastation and the human tragedy of war and are not now capable of feeling empathy with a demolished people.

She said the attitude is reflected in American feelings about the Christmas bombing of North Vietnam, an act which she said characterized an attitude of "you don't deserve to live because

you don't want to do what we want you to."

Now that the U.S. is disengaging from the Vietnam conflict, Miss Frederick said it will be easier than ever to once again slip into a toleration of the intolerable in other areas of the world.

And, if this happens, she

warned, Americans should be willing to accept the consequences.

"History is replete with evidence that a people who live by the sword will die by the sword," she said.

American disengagement from an attitude of tolerance toward war will be difficult, she said, because this country is involved in a race toward bigger and better weapons.

Peace, she believes, should be had through the mechanics of the United Nations.

Miss Frederick said the UN has not worked in its two decades of existence primarily because it has consistently been circumvented by the world's major powers.

The UN, she said, has been effective only in the handling of situations on a small scale.

Today, the national political parties pay little attention to the UN, she noted, and during the Presidential campaign last November the UN and its programs received barely 30 lines of comment in the parties' platforms.

The United States has increasingly demonstrated a rejection of the UN and its principles," she charged. "For example, the UN was in deep financial trouble when last year the U.S. announced it was cutting back on its portion."

Miss Frederick said based on ability to pay, the U.S. should be paying into the UN 38 per cent of its costs rather than the 25 per cent it is now paying.

The most visible rejection of (See UN, page 10)

Miss Pauline Frederick

by Troy Martin

FROM THE CANYON RIM

Pauline Frederick, NBC newswoman who covers the UN, is a charming person but she is naive.

I was privileged to talk to Miss Frederick for about 15 minutes and I sensed none of the condescension that we West Texans usually feel in the presence of the Eastern liberal journalist.

In fact, she was just the opposite. On one of my questions put to her before an audience of some 300 obviously friendly to her she pricked me with a verbal sabre in her reply bringing applause from the crowd.

I could see that Miss Frederick thought I might be embarrassed. She immediately softened her comment as though to say, "I don't look on you as a fool and I wouldn't cause you pain for the world."

When we parted Miss Frederick said she had enjoyed the conversation. I believe she meant it. I know I enjoyed talking to her.

Miss Frederick has been covering the United Nations for the past 17 years. I think she grieved because she sees clearly how the world COULD be and is chagrined because she has to live in it like it is.

The United Nations has the machinery to bring peace to the world and prosperity to all mankind. It doesn't because it is run by people and people are basically weak and often evil.

This is nothing new. It is as old as man. With all the world at his command Cain killed his brother, Abel, simply because he was jealous.

Even in ancient times nations and kings swore to each other not to use war to settle differences. Invariably nation turned on nation when it was to their advantage to do so and the country that had taken the pact seriously invariably perished.

There is not and never has been any morality in nations' dealings with each other. Not to recognize that this is as true today as it was in the days of Napoleon is to court disaster.

Remember how the Austrian statesman, Metternich went so far as to arrange the marriage of Princess Marie Louise to the Little Corporal when France was a threat to Austria? And how quickly he turned on Bonaparte when it was to his advantage to do so?

I am afraid that Miss Frederick presupposes the possibility of an

international goodness that does not exist.

I'm thankful that Richard Nixon understands international power politics, as did Eisenhower before him, and plays the game well.

I was irritated when Miss Frederick called the aerial assault on North Vietnam immoral and said nothing about the more than a dozen North Vietnam divisions thrown across the DMZ bringing on that assault.

Questioned about it, she justified the North Vietnamese attack by saying it was merely a part of a civil war and the Red troops had a right to invade.

Miss Frederick when pressed even said that this country would not be justified in going to the aid of West Germany if it were attacked by East Germany.

I was surprised to hear Miss Frederick bitterly denounce the late John F. Kennedy. In effect she declared that hundreds of thousands have died in Vietnam, including 50,000 Americans, as a result of a Kennedy tantrum.

Miss Frederick declares Khrushchev piqued President Kennedy in their Vienna meeting when he referred to the late President as inexperienced and gutless for his response to the Bay of Pigs incident in Cuba early in his administration.

Stung by Khrushchev's crude insinuations, Kennedy replied by sending the Rainbow Division into West Berlin and 18,000 "advisers" into Vietnam, touching off America's longest, bloodiest, most expensive and most unpopular war, according to Miss Frederick.

If what Miss Frederick says is true, then the Kennedy half dollars should be recalled and melted down. I simply cannot accept that an American President would deliberately start a war out of personal anger.

Miss Frederick says escalation of the war at the door of Lyndon Johnson. She said Ho Chi Minh had contacted U Thant, secretary general of the UN, with an offer to send emissaries to the negotiating table at Rangoon as early as 1964.

She said Johnson ignored the palm branch. A year later he asked for and got the Tonkin resolution which put us into the war for real.

She almost accused Nixon of barbarity for launching the saturation bombing of North Vietnam in December.

The thread of brief talks by returning POWs seem to give credit to this massive bombing for bringing the Reds back to the peace table and effecting the eventual cease fire. Those I have heard talk on TV have been extremely appreciative to President Nixon for securing their release.

For a time I thought Miss Frederick wanted the US to unilaterally disarm. Under questioning she said this is not true. She said the US already has the weapons to kill all or most of her potential enemies so why spend money on more weapons.

She failed to point out that the US for the past 20 years has tried without success to obtain a moratorium on nuclear weapons with on site inspection. To this Russia would not agree.

Miss Frederick did not take into consideration that the weapons we now have undoubtedly will be obsolete within the next five to 10 years.

We are told that weaponry research on such things as laser beams and launch pad destruct of enemy missiles may make ICBM delivery impossible and these monsters relics of the past within the next decade.

What would be our situation if we lag in these fields leaving them to sinister men bent on conquest?

International law is a joke and was recognized as such in the charter of the United Nations which gives the great powers dominance simply because they sport raw muscle.

If nations ever accept the golden rule as the basis for international dealings, we can quit the field of weapons research.

Until then, America had better keep her powder dry if any semblance of liberty is to remain alive.

News Brief

A cabin in the Sunday Canyon development east of Canyon was damaged slightly by fire about 8 a.m. Tuesday.

Seven units from the Canyon Fire Department rushed to the development, which overlooks Palo Duro Canyon.

Fire Capt. Joe Rice said the fire was under control when fire units arrived.

The cabin is owned by C.K. Holloway.

Mrs. Christine McGlasson, third from left, of the Canyon Chamber of Commerce's Women's Division, shown with touring Lubbock women as they inspect a patchwork

quilt Tuesday at the Panhandle-Plains Museum. Some 40 women made the trip from Lubbock and visited several points of interest in Canyon.

Pond Agrees With Pot Reform

County Judge Woody Pond said this week he agrees with Gov. Dolph Briscoe that reform is needed in the state's marijuana laws but was hesitant to wholeheartedly embrace the governor's recommendation that the first offense of possession of the drug be reduced to a misdemeanor.

Pond said he thinks a first offense for possession of marijuana should probably be a misdemeanor, an offense which would be handled in his court.

"I think there needs to be some reform," he said. "But, I don't know whether this is best or not."

Pond referred to Briscoe's early week proposal that penalties for first time marijuana users be reduced. Briscoe made his proposal to the state Legislature.

Pond stressed he is "firmly against the stuff because I've worked with so many kids who were using it."

The judge said if a person were arrested with just one marijuana cigarette and it could be shown the person was using the drug for his own personal use, he would have

no argument with making the first offense a misdemeanor.

"I don't think any law is too stiff for anyone who has drugs for sale," the judge said. "No law could be stiff enough for selling it."

Speaking of Briscoe's proposal, Pond said, "I could support this."

But, he said if the law is to be changed, it must be done so in clear language and must continue to be strictly enforced.

Briscoe's proposal would reduce penalties for first time marijuana users to a maximum of one year in jail and \$2000 fine.

It would also reduce penalties for second time offenders but Briscoe claims it would make prosecution easier for drug pushers.

Second conviction of possession would be a felony rather than a misdemeanor and would be punishable by from 2 years to 10 years in jail, or a fine of no more than \$5000 or both.

Under the bill introduced this week, possession of eight ounces or more of marijuana would be classified as possession with "intent to deliver and would be considered a felony offense."

Randall County Dist. Atty. George Dowlen and Sheriff Cliff Longest were not available to comment on Briscoe's proposal.

Local Girl Is Injured

An 8-year-old Canyon girl was injured about 6:50 p.m. Monday when she was hit by a pickup truck while riding her bicycle.

Jeanie Ann Acker, daughter of Mr. and Mrs. Charles Acker of 1106 Hillcrest, underwent treatment this week in Nebitt Hospital following the accident.

Canyon Patrolman Werner Talley said the Acker girl was struck by a pickup driven by Sammy Lee Elliott, 21, of Hartley, a student at West Texas State University. A passenger in the pickup was Daryl Spraberry of Muleshoe.

Talley said the pickup was southbound on 8th Street just south of Canyon High School when it struck the girl, who had peddled across the street on her bicycle and was heading north.

Markham Signs At University

Roy Markham, a 6-4, 205-pound tackle from Canyon High School, has signed a pre-enrollment application to attend West Texas State University and play football.

Markham started on both offense and defense for two years for the Canyon High School Eagles. He earned first team All-District I-AAA honors as a senior after being picked on the second team as a junior.

"Roy is an aggressive player with much potential," said Canyon High School coach Ronnie Mills. "He is steady with his play and seldom makes mistakes."

Markham, who has 5.1 speed in the 40-yard dash, is the son of Mr. and Mrs. J. L. Markham. He plans to become a veterinarian.

Still No Release On Bynum Suit

Records in the county clerk's office still showed at midweek that a release of judgment has not been requested on a judgment filed against State Rep. Ben Bynum by an Austin printing firm.

Bynum told The News Saturday he had paid the \$1200 judgment.

Johnny Jones, president of the Whitley Co., firm which sought the judgment against Bynum, told The News last Friday that Bynum had not paid the judgment.

Abstracts of the judgment have been filed in Randall and Potter Counties.

The judgment involved a \$1200 printing bill for 40,000 copies of a "Legislative Report from Ben Bynum," which was printed and distributed in July 1971.

Jones told The News he tried almost two years to collect the bill before filing suit.

Bynum claimed that the Whitley job was "unsatisfactory." "And on top of that it was about 1 and a half months late," he declared.

Water, Inc. Sets Amarillo Meeting

Representatives from the Randall County unit of Water, Inc., are expected to attend the 6th annual membership meeting of that organization Saturday at the Villa Inn in Amarillo.

Import plan studies report will be presented to the representatives who will also get a detailed look at official studies of the West Texas-Eastern New Mexico Import Water Project.

An address by Lt. Gov. Bill Hobby is also scheduled.

The meeting begins at 9 a.m.

The Canyon News

The Canyon News, founded in 1896, is an independent newspaper dedicated to the best interest of the community, state and nation.

A subscription is \$8.40 a year in Randall and surrounding counties and \$10.50 a year elsewhere.

The Canyon News is published Sunday and Thursday at its offices, 1500 5th Avenue, Canyon, Texas. Second class postage is paid in Canyon. Zip Code 79015.

Indoor Track Season Closes For WT Sat.

West Texas State closes its indoor track season at home Saturday night by hosting Wayland Baptist College and fellow Missouri Valley Conference member

West Side Club Has Luncheon

West Side Home Demonstration Club gathered for a covered-dish luncheon on Feb. 7 in the home of Mrs. Ed Bourn.

Mrs. Becky Hall, county extension agent, showed slides with a commentary on "How to Deal with High Pressure Salesmen." The club will next meet on March 7 in the home of Mrs. Maggie Voelm.

New Mexico State. Saturday's meet starts with the pole vault event at 6:30 p.m. The remaining field events start at 7 p.m. and the running events are slated to start at 7:30 p.m. The meet will be in the WTSU Activities Center.

The Buffaloes compete the following week in the MVC indoor championships in Des Moines, Ia.

West Texas halted the University of Texas at Arlington Mavericks, 77-57, in a meet last week in the Activities Center. The Buffaloes were competing in that event without several key people.

Tracy Dickson, the fine sprinter, competed in the Hous-

ton Astrodome Relays and placed sixth in the eight-man 100-yard dash field with a 10.0 clocking. The field was limited to invitations only.

Kenneth Sellers, another sprinter, was resting because of the flu and high-jumper Cecil Hood was out of town on personal business. All three of those athletes are expected to be ready Saturday.

Jim Hogan doubled with a win in the mile and the two-mile, while ace hurdler Carl Brown won both hurdle events.

Admission to Saturday's meet is \$2 for adults and \$1 for children. If purchased in advance the tickets are \$1.50 for adults and \$.50 for children.

Four of the Miss Canyon Contest entrants are pictured above. They are Dana Tow, sophomore, Nina Nance, sophomore, Carla

Ratliff, junior, and Linda Thompson, junior. The competition, slated for March 10, is open to all Canyon High School girls.

University Club Hears CHS Panel

A panel from the "Home and Marriage" class at Canyon High School aired their views on aspects of marriage at a meeting of the University Study Club held Friday afternoon, Feb. 9, at the Girl Scout House.

Mrs. Jozach Byrd introduced the program, and Mrs. Janet Fincher, instructor of the class, described the course content. Taking part in the discussion were students Peggy Adams, Leslie Baird, Debbie Raemakers, Marty Widick, and Chip VanPelt. Some of the topics discussed were religion, the marriage ceremony, abortion, and "What Is a Family." The class is offered to juniors and seniors of Canyon High School.

The meeting was opened with a pledge to the Texas flag led by Mrs. Harold Erwin. Mrs. Troy Martin gave an "American Family Profile" from the writings of Erma Bombeck.

Following the program, business was conducted by Mrs. Wayne Wirt. Members answered roll call by naming a person, place, or thing pertaining to the Texas heritage.

The fund-raising committee chairman, Mrs. Gene Morrison, stated that the Home Tour held in October provided ample funds for the club's projects.

Mrs. Lois Hull reported approximately \$800 had been collected for the Heart Fund and expressed her appreciation to those who had participated.

Plans for taking part in the Meals on Wheels program and the Museum Auxiliary were discussed.

Members were urged to attend the annual Top of Texas District Convention of the Texas Federation of Women's Clubs to be held in the Activities Center at West Texas State University on April 6 and 7.

The next meeting of the University Study Club will be guest luncheon and style show at the Yum Yum Tree Restaurant on Friday, March 2 at 12:30 p.m. Fashions will be presented by De'ons and The Brass Carriage. Members were urged to bring guests, and Mrs. Tom McClure read a poem she had composed about the style show.

Hostesses for the meeting were Mrs. H.R. Fulton, Mrs. G.J. Bonds, Jr., and Mrs. Gary Garner.

Along The Grapevine

by Mary Alice Hines

W. J. WOOTEN, Jr., Clay Cooper, Wesley Cox and Paul Rhodes have just returned from a fishing trip to Old Mexico. The bass fishing was superb at Domingas Lake, in the state of Siniloa. While the men were in Mexico, Joyce Wooten went to Rule to visit her mother. I told Joyce that my father, Jesse Bennett, was in Mexico at the same time, but that he was deep-sea fishing with a group from Dalhart. After Daddy got home, he told me that they didn't have much luck deep-sea fishing so they headed for Domingas Lake. He was there the same time the Canyon group was but their paths didn't cross. I suppose I will never hear the end of the fish stories, however.

LYDIA MILLER WAS telling me about a lovely brunch she attended Friday. The Women's Division of the First National Bank of Amarillo gave the brunch in honor of Potter and Randall Counties' physicians wives. The Amarillo Country Club was beautifully decorated with azaleas. Lydia is the wife of Dr. David Miller.

THE COMMUNITY CENTER was decorated in a Valentine's theme for the Lion's Club Sweetheart Banquet, honoring the Lions' wives. The entertainment for the evening was provided by an outstanding quartet called the Young Bloods. The quartet sings religious music in an updated style.

THE BETA SIGMA Phi Valentine banquet was held Saturday night at the Yum Yum Tree with all three Canyon chapters participating: Alpha Theta Delta, Chi Upsilon and Xi Kappa Zeta. Chi Upsilon and Xi Kappa Zeta chapters have recently formed a City Council for Beta Sigma Phi Sorority and plan to have more joint functions. This union will benefit Canyon because all three chapters have very worthy local service projects—but combined they will be a tremendous positive force for this town.

At the banquet each chapter crowned a queen and princess and they are: Alpha Theta Delta—Judy Hill, queen, and Theresa Lewis, princess; Chi Upsilon—Marj Sharp, queen, and Anne Cornelius, princess; Xi Kappa Zeta—Betty Sue Patterson, queen, and Virginia Rossiter, princess. Bill Wilson was a very witty master of ceremonies.

BETTY MARKHAM, PRESIDENT of the Women's Division of the Chamber of Commerce, said all the preparations have been made for tonight's banquet. The affair sounds like it will be quite a success. Keith Jackson, well-known sports commentator, will be the guest speaker. The Chamber of Commerce banquet will begin at 7:00 tonight at the W.T. cafeteria. If you haven't got a ticket yet, don't worry. Tickets will be sold at the door—\$6.50 a plate. 1 all come!

THE EXCITEMENT IS beginning in anticipation of the Annual Miss Canyon Pageant, sponsored by Canyon Study Club. Over 30 girls have entered already. If any Canyon High School girl wants to enter, but is lacking a sponsor, just call Sharon Brown, 655-7560, Shirley Kitchens, 655-3111, or Ella Brown, 655-4075. They will find one. The Pageant will be held on March 10, in the high school auditorium.

BRETT, OUR SON, has joined the Canyon Boxing Club. He has great dreams of becoming a champ, but he hasn't been hit yet. I'm reserving judgment until after his first match.

THAT'S ALL FOR now, call me if you have some news, 655-9978.

Rainbow Plans Chili Supper

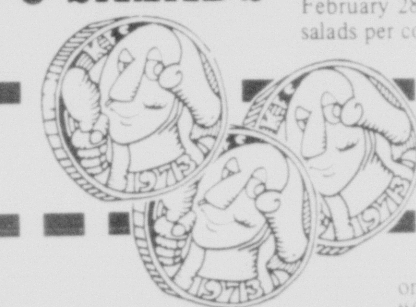

A chili supper will be cooked and served by Rainbow Girls next Saturday evening, 5:30 to 8 p.m., at the Canyon Community Center. Tickets will be priced at \$1.25 for adults and 75 cents for children. The public is invited.

It's Washington's Birthday. So Save, By George.

If you can't celebrate your own birthday now, celebrate Washington's with Kentucky Fried Chicken. Right now's the time to save on the Colonel's hot, tender "finger lickin' good" chicken. It's a great way to celebrate a holiday. And a great way to treat your family.

FREE 3 SALADS

Your choice of 3 free pints of salads, baked beans, cole slaw, or potato salad with the purchase of a barrel of "finger lickin' good" chicken. Original Recipe or Extra Crispy. Offer good through Wednesday, February 28. Limit 3 free salads per coupon.

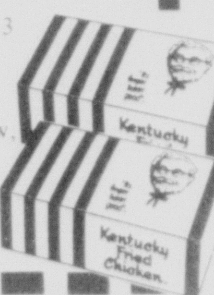

75¢ OFF

on a Bucket, 15 pieces of "finger lickin' good" chicken. Original Recipe or Extra Crispy, plus rolls and gravy. Offer good through Wednesday, February 28. Limit one Bucket per coupon.

50¢ OFF

on 2 Dinners. Each with 3 pieces of "finger lickin' good" chicken. Original Recipe or Extra Crispy, potatoes, gravy, cole slaw, and a roll. Offer good through Wednesday, February 28. Limit 2 dinners per coupon.

Kentucky Fried Chicken®

Offer good at all participating Amarillo and Canyon stores.

If you left your heart in San Francisco, make a return trip this weekend. 15 minutes for \$3.05

Whether you're in love with the city or someone who lives there, Long Distance is a nice way to go back. Especially when you call the One-Plus way, Saturdays

between 8 a.m. and 11 p.m. or Sundays between 8 a.m. and 5 p.m. Low weekend

rates mean you can take all the time you need to recapture that old feeling—and maybe even find your heart.

Hawaiian Holiday Theme For Wives

Hawaiian Holiday will be the theme of the February meeting of Wives etc. of West Texas State University, to be held at 7 p.m. Monday, February 19, at the Episcopal University Center.

Gwen McCulley of World Wide Travel, who has just returned from a Hawaiian tour, will present a program of slides and commentary on travel in Hawaii. Information will also be available on vacation areas in Mexico and Europe.

To accent the Hawaiian mood South Sea, fruit fondue will be served by the hostesses, Sandra Sparling, Rosalind Johnston, Suanne Keeley, Shirley Peterson, Betty Rathjen, Jan Smith, Mary Truitt, and Jan Welch. The table centerpiece will be done by Jane Munsell and Sophia Duman.

The committee extends an ALOHA KAKOU (greetings!) and invitation to all members and guests to attend the festivities.

Attest: LaQuitta Polvodore, Clerk, 47th District Court Randall County, Texas. By LaNeda Jones, Deputy. tfc46

City Dept. Head Receives Honor

Robert Rogers, superintendent of the water and sewer department with the City of Canyon, has received his Class A certificate for waste water competency, City Manager George Louder announced this week.

Rogers, who lives at 304 5th Ave., also holds a Class A certificate for water works competency which he received last year.

According to Louder, the certificates require extreme technical knowledge of water and waste water treatment. The certificates are the highest ratings given by the state.

Louder said Canyon was fortunate to have a person of his capabilities. "Very few cities have . . . and even fewer have a person with such demonstrated capabilities," said Louder. "We are real proud of him."

The certification program for water and waste water is administered by the state health department and has been in effect since 1945. In that 28-year period, only 115 individuals have held both Class A certificates at the same time, the city manager said.

Rogers, who joined the city 11 years ago, is also an asst. chief with the Canyon Volunteer Fire Department.

Palisades Palaver

By MILDRED TURNER
PALISADERS WHO WENT on a weekend ski party Feb. 9-11 were: Phil and Elnora Boothe, Gene and Judy Webb, Sara Bowie, Joyce McDonald and Belva Turner. Everyone was full of excitement and telling things on each other! Poor Gene and Phil were out-numbered but the girls all agreed they were good, but also showed off! I heard Sara and Belva were the most daring,

that Elly got a slight foot injury but was good as new come Monday a.m. Gene was practicing his turns and fell off the poma lift! Would you believe twice? One of the young ladies was almost caught in her long handles as she sneaked out to get a tape deck from the car so they could play their favorite music. I think from the rumors they made a pact (I won't tell on you if you won't tell on me). I'm waiting to hear from

Joyce. Phil says if it's not printed this week he will give me the whole "scoop" next week!
SORRY TO HEAR of Charles and Stanley Hooker having the flu recently. Take it easy. Also of Stanley getting a stretch and stitch job after his motorcycle accident. Take it easy again.
HAPPY BIRTHDAY TO Douglas Hooker on February 16.
BE LATED HAPPY

BIRTHDAY to Jamie Walker February 14.
CRAIG AND MARK McGahey were home this weekend.

AGAIN, WE HAVE had sick folk so call again if you miss me.
GUESTS OF THE Jarriel Moores were his brother and wife Mr. and Mrs. L. D. Moore from Memphis dining with them at Sutphens Saturday night.

GUESTS OF THE Vaughns next door were: Ira and Ruby Vaughn, Joyce and Floyd Huggins from Tahoka, Okla.

DAVID TUCKER is selling garden and flower seeds, so buy yours early while he has a good supply. I like to have my seed ready when the mood hits. I'm ready to go, without having to run into the city after seeds. Robert Dustman was assisting David in this sales job.

WE HAD PLANNED to have a Birthday Party for Garland's mother, Lillian Turner, age 73, out here but her doctor advised against it so we had it out at the home on February 11. Her birthday comes on Feb. 13 but we had it early so more could attend on Sunday. After singing "Happy Birthday", opening her gifts, taking pictures, nuts, cake, punch and coffee were served to Mr. and Mrs. C. W. Mariner, daughter Peggy, Rev. and Mrs. Marvin Jeffries, Rev. and Mrs. A. G. Turner and grandson Terry, Ruth Miller and daughter Tammye, Mrs. Steve Langford and daughter Christy Louise, Mr. and Mrs. Johnny Vigil, Eva Bingham, Mr. and Mrs. Pete Peeks, Jerry and Danny Mullins, Janet Turner, Mr. and Mrs. Bennie Turner and sons Ennis and Roger, Mrs. Griffin, Mr. and Mrs. Cleve Rainwater, Mrs. Allie Murphee, Mr. and Mrs. Dan Bailey, Garland Turner and yours truly. The Rev. Jeffries and wife baked the cake, one of the most beautiful I have ever seen. She received many lovely gifts and blessings.

IF YOU DID not get your honey a valentine, here are a few suggestions for making your own original valentines passed on to me by a dear friend:

1. **TAKE THE FUR** of a number of healthy babies, cut in a heart shape, stitch together carefully and line.
2. **MAKE A BRACELET** out of old gold by heating and bending; in various holes place several diamonds, emeralds and rubies. Allow to harden.
3. **TAKE A PIECE** of blank

Going somewhere? Or been? The Canyon News wants to know about it—and so do its readers.

paper bearing the name of your bank, write in the name of your beloved, plus some large numerals, sign at the bottom.

4. **OUT OF GOLD** leaf cut your sweethearts initials, moisten and apply to a 1973 convertible. Let dry.

5. **TAKE A PLAIN** gold band, engrave your initials and those of your true love. Deliver in person.

IF YOU WILL take the time to make one of these, it will compensate for being late.

AS SOME OF you have noticed our little community now has a Sunday school for all ages who do not attend elsewhere. Although we are active in our church in Amarillo, we attended this Palisades Sunday School last Sunday and thoroughly enjoyed it. We, as well as others, have had services in our homes when the weather was bad. Various ones have discussed and longed for a Sunday school—an old fashioned Bible study where people forget doctrines, denominations, and have Christian fellowship. At present Sunday school is at the Morris Cobb cabin. Everyone is welcome.

How do we know There is God?
There are many things, we cannot see, But it doesn't mean, they cannot be. We cannot see cold, but goodness knows We feel it on our hands and toes.

We cannot see loneliness or fear, But we feel it when no one dear is near.

We cannot see God, but we can see His world. The trees, the flowers, the birds that sing And we know inside. God made everything. Pauline Lane Streeter

AS I DROVE over to Sunday school Sunday morning my thoughts went back to last summer when I visited my brother, Lloyd, back in the hills of Tennessee. He took me up the hill, over the dale, around the bend, and nestled in an arborous glade sat a small country church. I did not notice any sign or name on the door. Nearby was an ancient cemetery half hidden by wild roses, splashes of color, with scattered weather beaten markers of those gone on before. Some of these were my forefathers: aunts, uncles, grandparents "having all died in faith." Among the wild plants

others had been inserted carefully and thoughtfully by some one who really cared. Years ago, my daddy had begun to preach an old time gospel message to these honest, God-fearing country folk. As I heard the music blend harmoniously with these eager sincere voices, I felt a tranquil touch of heaven as I sat there in that little church in the wildwood. Even now, I get a lump in my throat as I think of all the blessed churches of the

universe, both "great" and "small" raising their voices in one accord, "worshiping . . . eternally . . . Memories are made of singing the praises of God" . . . these.

Gene Howe News

Seven Qualify For County Spelling Bee-Brownies Hold Banquet

By TROYCE MULHERIN
GREETINGS: THIRTY-SIX GENE Howe youngsters from grades fourth through sixth took their places on the stage at the PTA meeting Monday evening to do their thing, namely, take part in the official elimination from our school in the spelling bee. Vondean McGregor not only knew how to pronounce them thar big words, she did so with calming reassurance much appreciated by the boys and girls. Shane Palmer served as special assistant to the pronouncer. Rosemary Ramaekers, fourth grade teacher; Mary Jo Smith, fifth grade teacher; and Suzella Parsons, sixth grade teacher, served as the judges for the elimination.

AT THE CLOSE of the evening, seven youngsters from Gene Howe were left on the stage with the Randall County Bee in Canyon their next challenge. Representing Gene Howe are Janet Coffelt, Eddy Sauer, Cheryl McNabb, Terry Radd, Molly Dudenhoffer, Lisa Erwin, and Tammy Tucker. Kendra Wallis will serve as first

alternate, and Kathy Herrin will serve as second alternate. Needless to say, the parents of these youngsters will be subjected to several more rounds of practice before March 15 and the junior bee in Canyon arrives.

IT IS REASSURING to have our youngsters aware of the opportunities available to them, and willing to take part in same. Each of the youngsters on that stage deserve a star. They worked hard and long and did themselves proud.

THE SECOND GRADE Brownies in Troop 13 held their annual family banquet last Friday evening at the school. Sixty-three happy people gathered to

share their covered-dish meal and enjoy the fun and companionship. The table decorations were based on a Valentine theme. The most admired (and most enjoyed) decoration was a huge cake, in the shape of a heart. This masterpiece was whipped up by Mrs. Bobbie Rector, and was gleefully devoured by those in attendance. Mrs. Rector is the

mother of the troop leader, Mrs. Beverly Hutcheson. Mrs. Margaret Davis, assistant leader, also helped with the banquet arrangements.

TAMMY WILCOX LED the group in the customary song, "The Johnny Appleseed Table Grace." The Brownies carried the evening's entertainment in fine style, with their renditions of "Little Rabbit Foo Foo," The

Brownie Song, and "This Old Man." All to the enjoyment of proud parents. Mr. and Mrs. Luther Lawless and Greg and Teena attended as special guests. Lots of fun for all involved.

RUSTY RILEY CELEBRATED his coming ten years of age with a "sleep-in" party. The boys spent a great deal of their party time engaging in a "Bigger and Better Hunt,"

which is something like a scavenger hunt. They left the Riley home with safety pins and visited neighbors and friends asking for "something bigger and better" in trade. Boys being boys, most of them were able to convince their askers that anything edible was bigger and better. Result — most of the loot was eaten. Highlighting the celebrating was the birthday cake — modeled after Rusty's dog, a black, flop-eared dog dog.

TERESA TRUE BECAME a teenager on the 11th, celebrating with the usual family party. Teresa is the daughter of Dan and Betty True. Many happy to this young lady.

MARY JO SMITH, a fifth grade teacher at Gene Howe, graciously shared birthdays with Abraham Lincoln. Birthday celebrating consisted of spending the evening at the PTA meeting, serving as one of the judges for the spell-down. Thank you, Mary Jo, and many happy returns.

TRACI BUFKIN PLAYED sharesies, too, becoming twelve years of age on the 12th. Traci is the daughter of Doris and Guy. Many happy to this fine young lady.

JIM AND KAY RILEY have returned from a trip to Fort Worth. Jim went down for business reasons, and Kay went for the express purpose of picking up a new family member. Namely, McKeever, a Scottie doggie. When Kay locates a sweet, young wife for McKeever, the Rileys will have even more Scottie doggies. Kay, being the thoughtful and considerate person she is, also brought home a female Japanese Hooded rat to keep their other two hooded rats

company. Eeeek. Kay relates the Japanese hooded rat looks kinda like a regular ol' white rat, except for the black fur on the head, which leaves one with the impression the little darlings have a black hood on. Or something. Kay says the rat's little "hands" are similar to racoon's "hands," and that the rats are "very affectionate."

HAPPY BIRTHDAY WISHES to Mark Lamberson, who will be eleven years old on the 15th. Happy candle-blowing out time to Denise Tension, who becomes nine years old on the 15th also.

ALAN JOHNSON AND Julie Ellsaesser each age a year on the 18th. Hobbies to you both.

OUR MOD MATH class will move back to Monday evening next week. That's Monday, the 19th, at seven o'clock. Even though this is a student holiday, being an in-service day for our teachers, ye ol' eager learners will be going to school anyway. Denny Park's good humor contributes immeasurably to this learning experience. Try it — you'll like it.

SOMETIMES IT'S NEGLIGENT not to get angry" — a line which appealed personally, taken from a recent book review given by Alma Merchant at the Federated Women's Clubs. Alma reviewed the book, "I've Only Got Two Hands, And I'm Busy Wringing Them." A funny book, rather a take-off on the trials and tribulations of the modern day confused housewife. Another excerpt we all can adopt with appreciative perception is, "Why Can't Life do a Little Adjustment For Me?"

SAW LOTS OF Gene Howe area's lovely ladies with their handsome husbands at the annual sweetheart dance sponsored by Beta Sigma Phi held Saturday night at the "A". A pretty long dress and a fancy tux almost guarantee a fun evening.

HELP! HELP! HELP! Betty Dozier gladly agreed to do some dog-sitting for a neighbor, who has to be out of town for a while. You guessed it — someone left the gate open and one of the doggies Betty was taking care of decided to go investigate this big ol' world. Yo-Yo is his name, and he is a black and white Scottie-type (I.E. bushy fur) doggie, on the small side. This little fellow had a collar with tags when he left the Dozier home to go exploring. You can understand why Betty is anxious to have Yo-Yo back home, so if you see him call 355-3450.

CONGRATULATIONS TO OUR Mr. J. W. King, band director, who was re-elected head of the Texas Music Educators Association during the group's convention in San Antonio. The 3,000 member association has a very capable leader in Mr. King. He does an excellent job in all his undertakings, including instructing our sixth grade band students.

THERE ARE PRESENTLY 461 students enrolled at Gene Howe.

REMEMBER MONDAY, FEBRUARY 19, is a student holiday. Not a holiday for our teachers though, and certainly not a holiday for our mod math students.

THANKS FOR THE use of the hall. Keep those cards and letters (and calls) coming in. 352-6053

Troyce

Sorority Holds Valentine Banquet

Hearts and cupids set the mood for the Beta Sigma Phi Valentine Banquet held last Saturday night at the Yum Yum Tree. Three Canyon chapters participated: Alpha Theta Delta, Chi Upsilon, and Xi Kappa Zeta. Presidents of each chapter and their husbands greeted the guests as they arrived. In the receiving line were Mr. and Mrs. Herbert Kuhlman, Mr. and Mrs. Ray Grimes, and Mr. and Mrs. Jack Sharp.

Bill Wilson was a charming master of ceremonies. Mrs. Wilson was a special guest and was presented with a Valentine corsage. Wilson quipped that everyone must enjoy the good food because a weight-watcher's diet was no fun for anyone. Before dinner began, Wilson presented the queen and princess for each chapter. He gave a small biographical sketch about each honoree. Theresa Lewis was selected as princess and Judy Hill was crowned queen of the Alpha Theta Delta chapter. Mrs. Lewis was presented with a princess charm and a red rose. She is the wife of Mike Lewis and has two children, Buffy and Rodney. Mrs. Hill was presented with a queen brooch and a red rose. She is the wife of James Hill and the mother of two daughters, Kimi and Karla.

Chi Upsilon's princess Anne Cornelius and the queen was Marj Sharp. Mrs. Cornelius was presented with a corsage and a crown brooch. She is the wife of Kenneth Cornelius and they have one son, Mike. Mrs. Sharp was presented with a corsage and a sweetheart trophy. Marj is the wife of Jack Sharp and the mother of two sons, Ted and Tom. She is a bookkeeper for Taylor and Sons Lumber.

Virginia Rossiter was selected as princess and Betty Sue Patterson was crowned queen for the Xi Kappa Zeta Chapter. Miss Rossiter was presented with a corsage and a crown brooch. She is a registered nurse employed by Nebbett Hospital. Miss Patterson was presented with a nosegay bouquet and a sweetheart trophy. She is the owner of Marie's Beauty Salon.

The Annual Beta Sigma Phi Valentine Banquet was enjoyed by all and was considered a smashing success.

Rainbow Girls Install Officers

Canyon Assembly 214 of Order of Rainbow for Girls installed new officers in a ceremony held at the Masonic Hall on Friday evening, Feb. 2. Sharon Lumry, daughter of Mr. and Mrs. Raymond Lumry, 505 Taylor Ln., became Worthy Advisor.

Other officers installed along with Miss Lumry were Linda Hester, Worthy Associate Advisor; Stacie Wright, Charity; Kellie Wright, Hope; Barbara Hester, Faith; and Mrs. Naomi Bewley, Mother Advisor.

The Installing Officer was Miss Martha Sykes, assisted by Susan Bewley as Installing Marshall, Teddi Crager, Installing Recorder, Connie Pitt, Installing Chaplain, and D'Aun Revel, Musician.

Honored at Beta Sigma Phi's Valentine Banquet last Saturday night were, left to right, Miss Virginia Rossiter, Princess for Xi Kappa Zeta; Mrs. Mike Lewis, Princess for Alpha Theta Delta; Miss Betty Sue Patterson, Queen for Xi Kappa Zeta; Mrs. James Hill, Queen for Alpha Theta Delta; Mrs. Kenneth Cornelius, Princess for Chi Upsilon; and Mrs. Jack Sharp, Queen for Chi Upsilon.

Volleyball Contest Coming Up at WT

Delta Psi Kappa, West Texas State's women's honorary physical education sorority, is sponsoring their annual area-wide Invitational Volleyball Tournament on Feb. 16 and 17 in the Fieldhouse on campus.

Teams included will be from Phillips, Caprock, Pampa, Amarillo, Borger, Quanah, Hereford, Tascosa, Palo Duro, Perryton, and Childress High Schools.

Friday night at 7 p.m., Amarillo High goes against Borger and Hereford plays Tascosa; Phillips vs. Caprock will begin play at 8 p.m. The admission will be \$1.00 for adults and 75 cents for students. Play resumes at 10 a.m. on Saturday morning.

Local Fighters In Amarillo Play

Thirteen Canyon boxers will be in Amarillo tonight and Friday and Saturday to compete in the annual Regional Golden Gloves Tournament.

Coach Zeke Clement said he expects his high school age fighters, Bo Bridges, Joe Wayne Hardin, Danny Bridges, Ricky Ranger and John Henry Johnson to do well in the matches.

Teams from Borger, Lefors, Dimmitt and Plainview will be competing with teams from Amarillo and Canyon.

Boxers attending from the Canyon Boxing Club are Ted Clement, Eddie Don Clement, Shane Gray, Steve Davis, Jeff Gardner, Mike Cornelius, Ronnie Rogers, Floyd Rogers, Danny Bridges, Joe Wayne Hardin, Bo Bridges, Ricky Ranger and John Henry Johnson.

Hearts And Sweethearts Provide Theme For Banquets And Parties

By MARY NEAL HENRY
ANGELIQUE HAS A new kitten named Sally Ann. Sally Ann is very playful and extremely curious. When you enter a closet you must wait for her to come out before closing the door. One night we lost her under the sink . . . but Wednesday I dried her in the dryer. By the time I figured out what was making the "thump, thump" the dryer was beginning to get warm. Sally Ann was meowing loudly by that time. If cats have nine lives, this one only has eight left.

THE OLD TOM Cat, Arthur, doesn't know what to think of Sally Ann. As far as he is concerned, she is interfering in his domain. He simply tolerates her and considers that he is doing us all a favor.

LAMOINE AND IRA Schrib's house caught on fire late

Friday morning. Moine was ready to leave for the beauty shop when she smelled the smoke. (One intelligent Wayside citizen asked Moine why she didn't go on to the beauty shop. He didn't know that a lady ever missed a beautician's appointment.) The roof was heavily damaged and so was the living room. The entire house received smoke damage. Moine and Ira saved all their belongings.

JOEY AND BETTY Barrett and their Mike (now 16), Dee (now 15), and Tina, ten years old, have been "home" visiting while waiting to be transferred from Las Vegas, Nev. to the Philippines. The Barretts will be stationed in the Philippines for two years.

TIM MCNEILL, DONNA McDonald, and Barbara Dowd taped another "Learn and Live" show Tuesday to be shown probably a week from next Sunday. The show will be on Channel 10. Mr. Alvin Moudy accompanied the students to Amarillo.

OUR SYMPATHY TO the Charles Morrison family. Charles mother, Anna Morrison, of Memphis passed away early Monday morning. She was buried on Tuesday afternoon.

MILDRED AND VONNIE Fields, Acie Dell Boyd, Maurine Allison, Barbara Danner, Lou and Cecil Dougherty were among the 500-plus at the Heart Meeting on Thursday of last week. This was the one at the Quality Motel in Amarillo. Mildred said that they stressed diet and exercise. (I've heard that knives and forks are vicious weapons.)

IRENE AND HARRY Hardaway and Clois, A. J. and C. J. Greenfield have been fishing at Falcon Lake this week.

MRS. CLARA HARDAWAY went to visit the Ray Hardaways in Littlefield for a while. She left last Thursday. Mrs. Hardaway was reported feeling very well.

ANDY HAND, GARY Barrett, and Mike, Burl and Dorothy Sims left Sunday for San Antonio for the Fat Stock Show there this week.

TUFFY THOMPSON IS in San Antonio for the RCA Rodeo there.

VERA AND BILL Eubanks have returned from their trip to Hawaii. The Eubanks went with the Channel Four tour of Hawaii and an adjoining island.

JAN AND JACK Ratjen of Mansfield have been visiting in Happy. Jack was also tending cattle. Dora Ratjen took Jan and Phyllis Ratjen, June Hancock and Ruth Mann to the Yum Yum Tree for lunch on Tuesday, then on to Amarillo shopping.

BETTY AND JEFFY Whelchel of Silverton joined the

visiting Ratjens on Wednesday. Ruth Mann took Betty and Jeffy and June Hancock, Jan Ratjen and Dora Ratjen to the El Camino for Mexican Food.

JUNE AND CLYDE Hancock and their Mary Lou entertained supper guests in their home on Wednesday evening. Enjoying the meal and family were Jan and Jack Ratjen, Phyllis and Dick Ratjen and Pam Tatum. Ruth and Alden Mann, Dora Ratjen and Leta Starker. Jack and Jan returned home on Thursday.

LYNN AND PHIL Davis of Houston have presented Phyla and Foster Harman with a new grandson, Alexander. He weighed just over seven pounds. Lynn and Phil also have a daughter, Kelly.

MISS CONNIE MOORE of Seminole, bride-elect of Curtis Fowler of Dallas, former resident of Happy, was honored with a miscellaneous shower on Saturday, February 3, 1973 in the home of Mrs. M. D. Nichols of Happy, Texas.

RECEIVING WITH MISS Moore were her mother, Mrs. Glen Sullivan of Seminole, her grandmother, Mrs. Kennedy of Seminole, the prospective groom's mother, Mrs. S. B. Harvey of Happy, and Mrs. Ervin Wilson of Happy.

THE SERVING TABLE was covered with a white linen cloth edged with white lace. The permanent arrangement of white and lime green flowers was accented with lime green tapers. Silver and crystal appointments were used. Coffee, punch, nuts, lime green mints, and cookies were served to the guests.

ASSISTING WITH THE

serving and registration were Mrs. Danny White, Mrs. Dean Bryan and Mrs. H. L. Holland, III.

HOSSESS FOR THE occasion were Mmes. M. D. Nichols, Joe Bob Jones, George White, Jack Middleton, Glen Carter, Dean Bryan, William Hinton, Lester Bryan, Pat Maynard, Creola Starker, Morlan McManigal, Foy Moudy, Tom Cox, Sherman Cox, B. E. Fowler, Victor Harman, N. F. Johnson, Rayford Shipman, Danny White, H. L. Holland, III, Alvin Moudy, Leo Szydoski, S. A. Hodges, Carol Sims, Homer T. LaRoe, George Rahlf, Sam Bryan, Bob Hargrave, Shirley LaRoe, and Harry Hardaway.

NINETEEN GIRLS AND four adults attended the Rainbow School of Instruction in Amarillo. The school was conducted by Mrs. Cortez Dowlen, Grand Visitor. Nine area assemblies were represented.

LAURA FELLERS AND Andrea Paynes recently shared their birthday celebrations. Gay Fellers and Martha Payne took Laura, Andy, Carla Venhaus, Rhea Selvidge, Christy McCaslin, Debbie Parker, Carolyn Moudy, and Pattie Luker skating at the Jubilee Skating Rink.

JUNIOR HIGH COWBOYS beat Lazbuddie at Happy last Friday evening by a score of 29 to 21.

THE JUNIOR HIGH Cowgirls lost to Lazbuddie 9 to 11.

COWBOYS, BOTH 'A' and 'B' teams then played Nazareth. They still beat them with three starting players out. Only the district tournament remains to

be played. It is this week-end in Happy. Win Cowboys!

THE VALENTINE BANQUET at the First Baptist Church was an exciting event. Mildred Devin was master of ceremonies. She is extremely talented in that direction. (Mildred is funny.) LaNelle Todd and Jane Weeks sang a medley of love songs. Phoebe Heil accompanied them on the piano. Mildred told about forty years of matrimony — in three parts. The first was "newly wedded bliss," the second "after twenty years," and the third, "after forty years." Dr. Fred Howard of Wayland Baptist College was the speaker for the evening. Dr. Howard has written a book of limericks. He narrated many of these and closed with a serious thought. Among those who enjoyed the meal, catered by Sutphen's, were Phoebe and Paul Heil, Willie and John Butler, LaNelle and Lonnie Todd, Jane Weeks, Mildred and Clayton Devin, Alti White, Lena Cabe, Jeanne and Ronnie Johnson, Willa Jane and Jim McManigal, Ruby and Forrest Vise, Wanda and Adrian Bates, Jane and Dozier Thornton, Joline and Robert Lee, Johnny and Lou Parker, Myra Nell and Everett Culp, Leona and Merl McFarland, Royse and Bill Vernon, Novalee and John Frank Toles, Nora and Dee Taylor, Gracie and Frank Tiley, Ann and Sam Williams, Kate and Morlon McManigal, Lonas and Moon Wright, Jo and Faye Hand, Jo Hand and Kate McManigal were the decorating chairman for the evening's event. Tables were decorated in red and white with white valentine trees and red streamers and

red napkins.
THE VALENTINE RECEPTION honoring the Seniors of '73 which preceded the Sweetheart Banquet at Happy was a success. The table was covered with a pink cloth. The centerpiece was flowers in shades of pink in a pink container. Joan McDonald and Gui Faye Via served pink punch from crystal appointments. Pink napkins, mints and nuts completed the serving table. Couples had their pictures made in front of a large pink heart trimmed in red. I even had my picture made with my beau. When I asked Mrs. McDowell if she would like her picture made with hers, she said, "No, I had mine made last year and I still have the same beau." (I thought that was quite humorous.)

THE RECEPTION ENDED with the grand march into the banquet hall. I wish to thank Mrs. Sherry McDowell for the music and for helping the girls with the grand march; Pat Hargrave and Camma Lou Tackitt and Joyce Ralback for the serving table; Joline Lee, Joyce Patching, Evelyn Dowd and Margaret Murdock for preparing the punch; Dorothy Sims, LaVenna Jackson and Lucy Moudy for decorating the heart for the picture taking; Billie Pearson for having been responsible for the photographer; Aurelia Schoenberger for the placement of chairs, and every senior parent for who came and helped. I remember Jo and Faye Hand and Betty Donnell all extended helping hands. Other senior parents attending were Robert Lee, Al Murdock, Bob Hargrave, Burl Sims, Walter Via, Reed McDonald, Dick Ralback, Al Schoenberger, and Wayne Pearson. Tom came later to pick me up.

AND THEN THE Cowbelle Party had already begun at the Methodist Church. Joann Odom and Judy Thompson were hostesses for the occasion. Barbara Danner helped them with the refreshments of pie, coffee and tea. Bob Frost and Edgar Robinson won the door prizes, valentine-cakes. Enjoying the evening of '42 were Joann and Pete Odom, Judy Thompson, Billie and Wayne Pearson, Juanita and Corliss Curry, Margaret and Al Murdock, Linda and Bob McDonald, Bernice and Henry Hamblen, Janie and Bob Frost (special guests from San Jon), Alice McGehee, Mary Jane Miller, Leona and Merl McFarland, Vivian Woods, Willie and John Butler, Ruby and Forrest Vise, Judy and Gene Shipman, LaNelle and Lonnie Todd, Dorris and Jack Foster, Willa and Simon Elliott, Othella and Melton McGehee, Myra Nell and Edgar Robinson, Phoebe and Paul Heil, Bonnie and R. B. Gist, Barbara Danner, Myra Nell and Everett Culp, Jo and Fay Hand, Nora and Dee Taylor and Tom and I.

MEANWHILE, BACK AT the school cafeteria, the Sweetheart Banquet was in progress. The theme for the banquet was "Somewhere my Love." The cafeteria was solid walls of ivy and pink, scarlet red and white streamers. Rose trees added to the decor. SHIRLEY LAROE GAVE the invocation before the meal of continental chicken ending with strawberry shortcake. Donna McDonald, FHA President, welcomed the guests. Stuart Tackitt, FFA President, responded to the welcome. Brenda Dietz crowned the FHA Beau, Randy Bell, and then introduced the entertainer of the evening, Beth Bergamy. Mrs. Karleen Moore presented the Betty Crocker Award to Barbara Dowd, Becky Via presented Mrs. Moore a gift on behalf of the FHA Chapter. Donna McDonald gave closing remarks and thanked all those who helped with this banquet. Special guests were teachers, chapter mothers and their husbands. Mr. and Mrs. Reed McDonald, Mr. and Mrs. Walter Via, Mr. and Mrs. A. J. McCarley, and Mrs. and Mrs. Shirley LaRoe, and school board chairman and his wife, Mr. and Mrs. Burl Sims.

VIVIAN WOODS AND Othella McGehee attended a called meeting of state officers and local presidents of CowBelles in Amarillo on Wednesday of last week. Plans were begun for the state convention to be held in Lubbock in March. Another meeting was called and will be held on Feb. 22 at 1:30 p.m. to complete these plans. This meeting will also be held at the Texas Cattle Raisers Association at 2920 Georgia. Both the Cattle Raisers Board and the Texas Agriculture Department have offered their assistance to the Texas CowBelles.

HAPPY COWBELLES HAVE furnished the local cafes with place mats to be used in their table settings this month. THE FHA CHAPTER of Happy has elected their officers for next year. They are president, Jini LaRoe; 1st vice president, Debbie McCarley; 2nd vice president, Brenda Dietz; 4th vice president, Estella Flores; 5th vice president, Karen Hinton; secretary, Dana Cheek; treasurer, Rhonda Fellers; historian, Connie Hand; parliamentarian, Mary Ann Sims; song

leader, Marilyn Venhaus; and pianist, Megalia Thornton.

THE ARTISTS CLUB met for their February meeting with Gay Fellers presiding in the absence of Curley Selvidge. The program of the evening was a demonstration in salt painting by Ellen McCoy. Present were Gay Fellers, Cathy Moudy, Ollie Nichols, Eddie Wilson, Carl Wagner, Carolyn Kimbrell, Joy Cox, Helene McFarland, Peggy Bell, Alene Adams, and Sylvia Burch.

RHONDA FELLERS AND Tim McNeill visited Lubbock Christian College last weekend for their annual High School Day and Homecoming. The students stay in the dormitories with the college students and have a full day of activities planned for them.

MR. AND MRS. Alvin Moudy and their Bobby and Carolyn went to Lubbock on Friday and returned Saturday. Laurie Fellers and Andrea Payne were guests of the Moudys. They spent the evening with Beulah Moudy and visited the LCC campus and returned on Saturday.

LUCY COOK, 90 years young, of Miami, Arizona, is visiting her children Mr. and Mrs. Logan Sanders in Happy. Her granddaughter, Gay Fellers, and great-grandchildren have also been enjoying Mrs. Cook's visit.

TUESDAY NIGHT, THE junior class ate supper at Shakey's Pizza Hut and attended the Globetrotters Basketball Game in Amarillo.

MARY ANN SIMS held a "Get-Acquainted" party for the voting delegates, alternates and advisors of the Sixteenth District of FTA in Happy last Friday evening. Dalhart, Canyon, Amarillo High and Happy were represented at this meeting. The current District President, LaJean Hill, of Dalhart, gave instructions on registering, credentials, etc. LaJean will be running for State President. Mary Ann Sims has been elected District President of the 16th District and will take office this Spring.

FTA MEMBERS WHO will be attending the state convention in San Antonio, Feb. 22-25, are Mary Ann Sims, Brenda Dietz, Debbie McCarley, Connie Hand, Becky McCarley, Greg Looney and Tommy Tipps. Sponsors accompanying the students will be Mrs. Sherry Walker and Mrs. Neta Coulter. They will be staying in the El Tropicana in San Antonio.

THE FISH FRY, an annual event sponsored by Case Power and Equipment, was well attended on Monday evening. This year, the fish fry was held in the local school cafeteria.

KELLY D. MCGEEHEE, grandson of Mr. and Mrs. Kelly McGehee of Route 1, Happy, was recently honored at a reception introducing him as a law partner of J. Harvey Lewis of Dallas.

OLLIE AND MARK Nichols and Frances and S. A. Hodges attended Connie and Curtis Fowler's wedding in Seminole on Saturday afternoon.

LIVIA DAVIS was visiting Hank and Clara Magness in Happy the first of this week.

WILLIE BUTLER AND I traveled to Lamesa Sunday where we attended a tea for Frances Austin of Plainview. The tea was in the D. L. Adcock home, 312 14th Street. Ella Mae tells me that she did both the designing and interior decorating of this beautiful home. It is decorated throughout in shades of reds and pinks. Decorated for a Valentine Tea, it was more than lovely, it was "out of this world." I had a chance to visit with many friends from downstate, Ethel Pratt and Eddie Robinson of Abilene, Algis McCarley of Big Spring, Mattie Belle Bartlett of Smyer, Ruth Richards of Paducah, Artyemese and Allen Watts of Midland, and enjoyed seeing Josie and Victor Jones, Suda Beth and Vernon Hancock and Bill Broome all of Amarillo and Loretha and J. C. Rhoderick, Lois and Eldon McEachern and Jewel Burrows all of Plainview. It was a fine day.

JUNIOR HIGH BASKETBALL games with Lazbuddie on Monday evening were cancelled. This concludes their season for this year.

MARILYN COPE WAS honored with a lingerie shower in the home of Mrs. Donna Johnson of Happy, on Tuesday evening at 7 o'clock. (After this reporter's deadline. I'll tell you about it next week.)

LOCKNEY OES CHAPTER'S Friendship Night is this Saturday, February 17.

THE LION'S CLUB annual hamburger supper is set for Feb. 16 at the school cafeteria. This is Friday evening. I'm looking forward to eating out that night.

See ya! Mary Neal

The Canyon Junior High School Future Homemakers of America sponsored a Daddy Date Night Tuesday. Wendy Hunnicutt, a 9th grader, hands her father, Lawrence, of 2707 4th Ave., a box which contains their dinner in the CJHS cafeteria. Mrs. Lanette Whitley is teacher of the class.

Mescalero Park News

Plea Made to "Drive Friendly"

By TOOTIE BYBEE
WELL, GOT SUCH a little bit of news this week, hate to write it up. But every little bit is important to someone, I think! The national news has been so tremendous these past few weeks it is hard to comprehend it all at once. So many things happening, but the smiles on the faces of those brave men returning from Viet Nam was the best of the news for a praying America. Welcome home to each of them, and truly "God has blessed America."

IN RESPECT TO the returning POW's the Camp Fire Girls had a patriotic day with songs and discussion on the war and our involvement and the attitude we have toward those returning. We had a flag ceremony and learned more about our flag and its history and how to fold and display it. Was a good day for all.

THE SIOUX TRIBE of Y Indian Guides is sure a busy bunch these days. They are working on three Tee Pies they will use on their camp-out in the spring. The boys and dads are making them together. They will set up almost like the original Tee Pies of yesteryear. Also, they will participate in the nation's bowling tournament at Western Bowl with tribes from over the city of Amarillo. The boys roll the first ball and dads roll the second. Sounds like a lot of fun.

HEARD THAT MARION and Sam Clements went hunting the other evening and got stuck. What in the world were you hunting around here Rabbits?

TERRY MILLER CALLED to tell me his basketball team, the 5th graders at Gene Howe with George McCurry as coach went into three overtimes before finally downing Fritch 14 to 12 at Fritch. Good going. Speaking of Millers they have another new car. This time a Buick which "Mom" will drive when "Dad" isn't.

WAS ASKED BY several people this week to PLEASE say something about this community problem so I will. Maybe I'm the most guilty. Anyway, it's the speed of the cars driving in the park and down Mescalero Trail to McCormick. Several mothers said it was getting really out of hand. So maybe we can all work

together and try to remember to curb our speed as there are kids all around playing or riding bikes. Each one of us must work on this and not blame others but watch our own speed. You're not on the highway until you've reached McCormick, so please slow down for your child's, as well as mine's, sake. O.K. Don't know if this is the week of problems but had a few other calls about one particular motorcycle that doesn't seem to have a muffler or a very observant rider. Seems he is getting several residents out of bed early, early Saturday and Sunday mornings with his continuous riding and noise. If it is you, please take care of it so as not to jeopardize all motorcycleists in the Park by having residents call the authorities. Know we can take care of these little problems real quick. Just hate to have to write about these things, but these things do exist, so take care if they pertain to you. You who called can call back and let me know if this has helped get the word out.

SAW THE CREWS out on a bright sunny day moving their mail box and putting up a nice shiny new one.

THE THURSDAY WOMEN'S Club met as usual and passed such a pleasant day together. Shirley Jones' needlepoint piece is just so very lovely. Mike Whitehead and Marion Clements are spending some very active days together taking yoga on Tuesday and Fridays. Mike said she was sore in places she didn't even know existed. Guess in a few months we'll all be standing on our heads talking to them.

WAS GLAD to talk a few minutes with Becky Hall about the formation of a new 4-H Club. Hopefully it will get off the ground and many interested parents will come through and help out in any way that is needed to get it going. If your youngster is interested (whether you were aware they signed up or not) be sure and watch for the sheet that will be sent home stating time, place and date.

ARE YOU "SCIENCE Fair" crazy by now? We are. Seems I've checked out every book in the library on science for my two. They both have finally settled down to work so it won't be long yet. The alternative was a project or an F and the F began to look better every day. For awhile only.

DON'T KNOW IF you

noticed or not, but one of our "own" is in the Miss Canyon contest and hope everyone of you that can will turn out to support her when the time comes. Yes, it is that sweet little baby sitter and house cleaner and all around precious young lady, Dana Tow, whom I love dearly and know you do too. So wish her luck.

TAMMY THOMPSON, KAY Tow, Leslie Bybee and their G.A. group from church spent a fun Sunday afternoon ice skating. Said it's all in the ankles. Meanwhile the older youth did some work by passing out revival announcements for the church. Those helping were Glenn and Sherry Evans and Karen and Dana Tow.

THANK YOU BETTY Malson for helping me with the cuffs on the pants.

BLANCHE WE WILL be so glad when your kin stay home for awhile. We miss you a whole lot on Thursdays.

WILL GO BUT see you next week. And in the meantime God bless you and yours.

Tootie, 622-1471

Methodists Plan Worship Workshop

Representatives from area churches will gather here for a workshop on new and different forms of worship offered Friday and Saturday by the Wesley Foundation at West Texas State University. Miss Gene Maxwell of Denver, Colo., will be the featured speaker.

The workshop is a new event which may become an annual project, according to Jimmy Rosenberg, president of the Wesley Foundation, and the Rev. Cecil Matthews, campus minister. The general purpose of the workshop will be to increase understanding of the meaning of worship and explore new possibilities and resources for worship.

Sessions will begin at the Methodist Student Center on Friday evening, Feb. 16, at 7 p.m., with three Saturday sessions scheduled to begin at 9:30 a.m., 1:30 p.m. and 7 p.m. All youth and adults are invited to attend. A registration fee of \$1.00 will be charged.

Miss Maxwell is a member of the Women's Division Staff in the Denver Region, Board of Global Ministries of The United Methodist Church.

Umbarger News

St. Mary's Women Host Salad Supper

By Reba Raef
ST. MARY'S ALTAR Society and Christian Mothers hosted a salad supper, with their husbands as special guests, on Tuesday evening, Feb. 6, in St. Mary's Parish Hall. The table decorations carried out a Valentine theme. After the supper, a short business meeting was held. The ladies voted to prepare and serve the banquet for the Canyon High School Band and Band Parents, in May. A chili supper, followed by games of bingo, is being planned. The date of the chili supper will be announced later. The members also voted to have a mass said monthly for six months, in reparation for all the abortions that are being performed these days.

AFTER THE MEETING adjourned, games of "88," "42" and pinocle were enjoyed. Door prizes were awarded, with Vincent Ramaekers receiving the prize for the men, and the ladies' prize went to Rosa Mary Ramaekers. Hostesses for the meeting were Mesdames Bill Gerber, Ray Gerber and Barnard Grabber. They were assisted by the Mesdames Vincent Meyer, program chairman and Marion Hicks, also on the program committee.

IN SPITE OF the cool weather Sunday, an estimated crowd of between 200 and 250 people came out to Umbarger's own Panhandle Downs, for the horse races. We managed to go this time, and we spent a very enjoyable afternoon. There were seven races with TEXI TWIST winning the first race; PROVE IT 2, won the second; BOLD STRIDE, in the third; SPORTS VAN came in first in the fourth; BARBARABEE in the fifth; COLLEGE SCHOLAR in the sixth and the final race winner was MISS PRECISELY. According to racing secretary, Jack Barrow, there will be races each Sunday at the Downs, weather permitting. There were some very beautiful and high-spirited horses there Sunday. How about

coming out one of these Sundays for a look at the races?

THE UMBARGER COMMUNITY Association will hold a board meeting this Thursday evening, Feb. 15, at 7 o'clock in the school gym; all members are asked to attend.

SUNDAY EVENING SUPPER guests of the Joe Whittens were Mr. and Mrs. Conley Campbell and family from Tulsa and Dale and Cheri Whitten, from Pampa; and Mr. and Mrs. Bobby Whitten and baby. They had all attended the races.

WE WOULD LIKE to welcome Mr. and Mrs. Joe Miller and three children to Umbarger. Mr. Miller is employed by Umbarger Farm Supply.

JIM AND CAROLYN Wieck from Hartley, visited their parents, the Ed Wiecks and the Bill Gerbers over the weekend.

THE RAY GERBERS and the Bill Gerbers went to Hereford Sunday to visit with Jerome and Romilda Friemel. Romilda is a daughter of the Bill Gerbers.

AMONG THE UMBARGER people who attended the dance in St. Francis last Sat. were the Vincent C. Meyers, Paul Fergusons, the Willie Wiecks, who were here from Dumas and the Ron Haschkes.

LINDA GERBER, who works in Amarillo, visited with her parents, the Bill Gerbers last Monday.

THE PISTOLS AND Petticoats Square Dance Club will dance this Sunday night, Feb. 18.

WE WISH A speedy recovery to Mrs. Gertrude Fischbacher, who is a patient in St. Anthony's Hospital in Amarillo.

BILL BAUER IS much improved, after surgery several weeks ago.

POSTMASTER BRACHT

Had a party? Or giving one? Tell The Canyon News about it. Telephone 655-7121, or stop by the News office on the south side of the square.

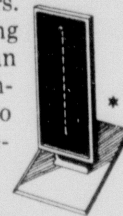

HAS announced that Monday, Feb. 19 will be observed in the post office as Washington's

Birthday and the window will be open for a short time from 8-9 a.m.

DON'T FORGET TO call me if you have news for the paper, my phone number is: 499-2164.

Bullish on central air conditioning? Consider investing just a little more in a long-term, blue chip Gas air conditioning system.

Only a Gas air conditioning system pays you regular dividends for many happy years. That's because the heart of a Gas cooling system is a simple gas burner, rather than an electric, mechanical compressor. A clean-burning gas flame doesn't wear out — so there's less to go wrong, fewer maintenance calls, a longer life with no loss of original cooling capacity. And because natural gas is the prime energy source, you'll also save money on operating cost.

**GAS

Happy Set To Host Tourney

Happy High School will host the District 5-B boys basketball tournament today, Friday and Saturday, with their own Cowboys set to take on Lazbuddie in the first round at 8 p.m. today.

The home game will follow a 6:30 p.m. encounter between

Nazareth and Amherst. Spade, which finished second after losing a playoff game to Spade, drew byes for the first round.

Happy, with a 10-10 district record, finished third.

In Friday action, the winner of the Happy-Lazbuddie game will play Spade at 8 p.m., preceded at

6:30 by a game pitting the winner of the Nazareth-Amherst bout against Cotton Center.

The final championship game will be at 8 p.m. Saturday after third place has been decided in a consolation game set for 6:30 p.m.

Cowboy coach Gerald Weeks told The News at midweek, "We've got a shot at it and we are at home." He said that his team had played both Spade and Cotton Center to within ten points at home during the regular season and might have won had it not been for disastrous first quarters.

"We played both of them even during the last three periods at home," Weeks said.

According to the coach, the winner of the tournament will have to produce three good games. "If we win Thursday we'll still have it tough on Friday and Saturday," he said. "It will be a

good tournament."

The Cowboys, led in scoring by Greg Looney, Johnny Payne, Lonnie Tackitt and Stuart Tackitt, have their defensive talents pretty well spread around, coach Weeks said.

Looney is averaging 12 points per game while Payne is close behind with 11. Lonnie Tackitt has hit for eight points per outing and Stuart Tackitt is averaging seven.

Both Tackitts have been sidelined during the last two games due to injuries suffered in a motorcycle crash. Weeks said both were out for practice during the early part of the week and hoped to be back at full strength by game time today. "If they're not in top shape it will hurt us," their coach said. "It could make the difference."

Said Weeks, "You can't count on us... but it is a long shot. We have high hopes."

Pep rallies may not always work but you can't argue with the apparent success of this one held Friday afternoon at Canyon High School just prior to the Eagle varsity teams meeting Muleshoe. The boy Eagles dumped the Mules 71-47 and the girl Eagles stayed in the running for the district championship by

taking the Muleshoe girls 67-40. The next night, the girls wrapped up the district crown by winning over Muleshoe 61-48. They will play Stephenville at Sweetwater at 7:30 p.m. Saturday in regional playoff action.

Best Time Now To Plant Grass

Now is the time to plant native grasses on marginal rangeland, Soil Conservation Service officials said last week.

Don Dolle of the SCS office here said from now to the first of March "is the best time to plant grass."

He said review of past practices has shown that seed planted from mid-February to early March is more viable.

The SCS recommends a planting combination of Blue grama and Side-oats gramma.

MIL Club Hosted By Mrs. Walters

Palo Duro Mother-in-Law Club was hosted Friday afternoon, Feb. 9, by Mrs. Rae Walters, 1718 4th Ave., with Mrs. Gladys Samples co-hostess.

A cordial welcome was given to Mrs. LaVerna Madewell, a guest who became a new member at the end of the meeting.

In keeping with a Valentine theme, roll call was answered with verses of love. The devotion was on "What the world needs now is love, sweet love." Members exchanged homemade Valentines, which were shown and read to the group.

The hostesses served refreshments to Mmes. Ethyl Campfield, Roxie Hammons, Gettew Winters, Opal McClendon, Mamie Hilgenfeld, Jeannette Robbins, Olga Fields, Jewell Marshall, Mae Johnson, Florene Carruth, LaVerne Madewell, and Verna Mae Noel.

The next meeting will be on March 9 in the home of Mrs. Lee Allen, 1604 2nd Ave.

Services Today For Mrs. Shepherd

Funeral services will be at 3 p.m. today in LaGrone Funeral Chapel for Mrs. Lida Bell Shepherd, 90, who died Tuesday night in LaCasa Convalescent Home here.

The Rev. J. Frank Peery, pastor of the First United Methodist Church here, will officiate. Burial will be in Dreamland Cemetery.

Pallbearers will be grandsons, George Dowlen, Joe White, Curtis Shepherd, Wilton Manley, Gene Murray and W.T. Robinson.

Mrs. Shepherd was a native of Bosque County. She was a member of the First United Methodist Church of Austin and was a life member of the Woman's Society.

Her husband, the Rev. J. W. Shepherd, preceded her in death on Sept. 18, 1946. He was minister of the Hackberry Methodist Church of San Antonio at the time of his death.

Survivors include daughters, Mrs. Glenn Dowlen of Canyon and Mrs. Jo White of Colorado Springs, Colo.; sons, George M. Shepherd of San Jose, Calif., M.D. Shepherd of Mesquite, and Clovis Shepherd of Cincinnati, Ohio; 9 grandchildren and 5 great-grandchildren.

Heart Fund Drive Nets Over \$800

The Annual Heart Fund drive in Canyon netted \$840, according to an announcement by co-chairmen of the drive, Mrs. Lois Hull and Mrs. Thelma Childs. Up to \$50 of additional

Treasurer. . .

(Continued from Page 1)

Mrs. Hill said last year she tried to do the office work herself without help, but "I just couldn't. I can get it done but I couldn't get it all out when it needed to be out," she said.

"I don't think I've been treated right. I think I've been treated unfairly."

Mrs. Hill said peak periods in her office are in January and December and she said she faces a work-filled month in March due to the probable change in county depository.

The treasurer said she feels her request for an additional employee is justified. And, she said she feels her job is also justified.

"Have you ever seen any organization without a treasurer?" she asked. "If you do away with the treasurer, then you'll have something else to pay for."

contributions may be turned in. Pleased with the success of the drive, Mrs. Hull expressed her thanks to the women's organizations, particularly sororities at WTSU, that had helped in canvassing for funds. She stated that \$540 of the total had been collected by members of Chi Omega, Alpha Delta Pi, Delta Zeta, and Zeta Tau Alpha, and Kappa Delta. Members of Canyon Dames and University Study Club, the sponsoring organization, also helped.

The money will be sent to the American Heart Association to be used in training, research, and education to prevent and cure heart diseases.

UN. . .

(Continued from Page 1)

the UN and its principles came during the Christmas bombing, she charged, when U.S. warplanes unloaded thousands of tons of bombs over North Vietnam.

This action was in direct violation of the UN charter, which says force will not be used against other nations, she said.

"In playing by our own rules, the U.S. turned away from its commitment to the UN and back to its commitment that might makes right," she said. "When the UN loses support of two superpowers it can never carry out its mission."

Miss Frederick said through the UN world peace could be achieved, if the world's three superpowers abided by the charter and took an active role in the world organization.

The Heart Fund Drive was given a helping hand by these sorority girls from WTSU, shown turning in money to Mrs. Lois Hull, left. They are, standing, Beverly Bedford, Zeta Tau Alpha, Patty Klaus, Delta Zeta, and Andrea Shepic, Alpha Delta Pi. Seated is Laurel Krizan, Zeta Tau Alpha.

Tax. . .

(Continued from Page 1)

center.

"We were very careful in drawing up these specifications," Mrs. Bruse said. "We tried to draw them up and look toward the future and not to write out anybody interested."

"Do you feel WT is able to supply all you need in computer work?" Jim Fletcher asked.

"We're in the unique position of having this sophisticated equipment available to us," she replied.

Commissioner Paul Lindsey asked Mrs. Bruse if she could give an estimate on how much this year's computer operation would cost in comparison to last year's operation.

Mrs. Bruse said some first-time costs could be expected during the first year of operation as well as some increased personnel costs necessary to put all the county tax data on the computer.

Commissioners two weeks ago were forced to advertise for bidders for the computerization

of the tax office. West Texas State's computer center had already begun work on the computerization project and an on-line terminal for the operation had been installed.

They were informed then by Randall County Dist. Atty. George Dowlen that the law requires counties to advertise for bids on services which could cost more than \$2000.

In other business, County Clerk LeRoy Hutton told commissioners he must obtain a copy of the plat for a portion of Happy which extends into Randall County.

Hutton noted that no plat of the town is on file in his office and will be a necessity when right-of-way is obtained for highway construction of I-27.

The county clerk estimated the Happy plats were filed in Swisher County in 1908.

Commissioners also approved the purchase of 7000 envelopes for the tax office at a cost of \$75.

Eagles. . .

(Continued from Page 1)

8 each, led the rating for guards.

According to Schneider, he thought his team played a better game on Friday than they did on Saturday. Of both games, the coach said, "We had to have a good effort." He added that he thought the Muleshoe girls played better Saturday night than they had the night before.

"All of the games are a must now," the coach said. "If we win we keep playing but if we lose our season is over."

The Canyon girl Eagles won district championships in 1968, 1969, 1970, 1971, 1972 and now this year. They went all the way in state competition, taking the crown, in 1969 and 1972.

Depository. . .

(Continued from Page 1)

and the rates they yield are comparable to what we have to pay."

Butler asked if commissioners decided both bids were unacceptable whether they could advertise for bids from banks outside the county.

The commissioners tabled the depository problem early in the meeting only to return to it later in discussion.

Fulgenzi asked rhetorically why he could personally put a large sum of money in time deposits and reap maximum interest, yet the county could not receive the same treatment.

Fletcher said he believes the county can name a depository to handle everyday time deposits in any other bank anywhere.

"We can accept either one for a depository," he said, "and if we don't want to buy CDs we don't have to."

He said he believes it is perfectly legal to place time deposits with banks outside the county.

"I think if we're not satisfied, we can advertise for bids outside the county," Butler said.

King. . .

(Continued from Page 1)

Choir also attended the convention as members of the All-State Choir. They were Kelly Forehand and Laurant Fulton. Accompanying them was Tom Jennings, director of the CHS Choir.

King received his B.S. in Education and Master in Education degrees from Texas Tech and has done graduate work in Teachers' College, Columbia University, University of Colorado, University of Texas, Texas Tech University and West Texas State University.

Prior to his position at Canyon High School, he was band director at Big Spring and Hale Center. He was honored as "Citizen of the Year" by Hale Center Chamber of Commerce in 1963.

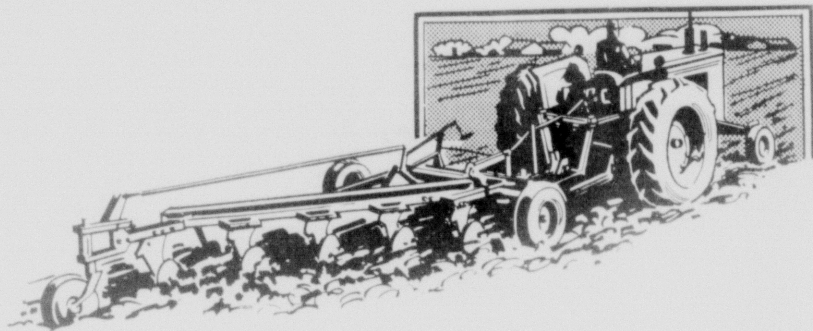

Member of a number of professional organizations, King has served as president of Phi Beta Mu Texas Chapter, Texas Bandmasters' Association, Plainview Community Concert Association and Big Spring Unit of Texas State Teachers Association.

King also plays horn in the Amarillo Symphony and sings in the First United Methodist Choir in Canyon.

Mr. and Mrs. King, parents of three children, live at 1617 Third Ave. in Canyon.

Site of the 50th annual clinic convention at which King will preside in 1974 has been set for Houston.

Darold Smith To Exhibit Jewelry

Jewelry, graphics and sculpture by Darold Dean Smith of the West Texas State University art faculty will be exhibited Feb. 18-25 in the Formal Lounge of the Fine Arts Building on campus.

Smith has received wide recognition for his work in jewelry-crafting, sculpture, metalsmithing and other three-dimensional art media.

The 30-year-old artist holds Fine Arts degrees from Wichita State University. After majoring in commercial art, he discovered his interest in three-dimensional work and has been developing new techniques in that medium ever since.

He has received numerous commissions for his work, including one by an international jewelry firm to design and execute a number of jewelry pieces. He recently completed a chalice and patten for the Presbyterian Church of Tulsa. In his jewelry making, he says, he strives to "bring out and enhance" the natural qualities of the materials with which he works.

His exhibit credits include showings at the Gallery of Contemporary Art in Winston-Salem, N.C., Contemporary Gallery in Dallas, the Indiana Artist and Craftsman Exhibition in Indianapolis and Gallery III

in Ruidoso, N.M. He has become well-known in the Texas Panhandle for his workshops and demonstrations in jewelry-crafting, sculpture and pottery techniques.

His recent showings include displays in the Texas State Arts and Crafts Fair at Kerrville, the Fort Worth Arts and Crafts Fair, the Best of the Southwest Exhibition and the Pampa Fine Arts Gallery.

A public reception honoring Smith will be held from 2-5 p.m. Feb. 18. Viewing hours will be from 3-5 p.m. Monday through Friday and 2-5 p.m. Feb. 18 and Feb. 25.

Thru special arrangements with KWTS-FM (the W.T.S.U. Educational FM Radio Station)

KCAN Radio

will present a live broadcast of the Canyon High vs. Stephenville Girls Basketball Regional Playoff Game from Sweetwater, beginning at 7:30 p.m. Saturday, February 17th.

The KCAN Sports Staff, Mike Coggins & Mike Fox, invite you to tune in KWTS-FM 91.1 MHZ on your FM radio for the live broadcast. A taped re-broadcast will be on KCAN Radio, 1550 KHZ at 1 o'clock Sunday

CALIFORNIA Cobblers' Made in U.S.A.

\$16⁹⁵ BLAZER

PURE-BRED CHIC!
"Blazer" by California Cobblers is a perfect complement to all your Spring fashions. A graceful two-inch heel is topped by a beautifully shaped silhouette made of the finest Patent Leather. A perforated overlay that is banded on a higher vamp leads into a smartly rounded toe. (White and Black) Made in the U.S.A. for only \$16.95.

DUET

JOIN THE CHORUS...
In "Duet" by California Cobblers. Shiny crinkle patent, softly-lined, is teamed with a curvy low covered heel. Dressy moc-toe styling is accented with a matching bow that gathers into two brass rings. Buy a pair. In Black and Bone for only \$15.95.

LA BELLE

VERY LADYLIKE FOR SPRING.
"La Belle" by California Cobblers shapes up very elegantly. Crinkle patent that's lined for walking comfort is crafted into this low, matching covered heel beauty. Tiny golden bells tie up at the side to accent a shapely rounded toe. Wear it for dressy or casual occasions in White. \$15.95.

Warrens
West Side Of Square
Canyon, Texas

Randy Lyles, son of Mr. and Mrs. Roy Lyles of 410 Taylor Ln., won the giant slalom race at Red River, N.M., this past weekend. A student at WTSU during the week and ski instructor on weekends, he has skied extensively in this area and also in Europe.

Boy Scouts Win Merit Badges, Two Net Slalom Trophies

Boy Scout Troop 31 has returned from a weekend of skiing crowned by victories in the Sunday afternoon slalom race at Red River, N.M. Winner of a first place medal in the 17-and-under competition was Kyd Kendrick, a troop member, and winner of the "giant slalom" in all classes was Randy Lyles, a junior at West Texas State University who is the son of Scoutmaster Roy Lyles. Kyd Kendrick's time was 23.2 seconds, and Lyles' was 19.9 seconds.

Nine of the 28 scouts going passed the skiing ability test for the merit badge, a test given by members of the Red River Ski Patrol. They were Kirk Bentley, Kyd Kendrick, Bruce Byrd, Jeff Murray, Brent May, Stephen Childs, Gary Phillips, Robert Byrd, and Mr. Lyles. Troop mascot, Stag Lyles, also passed the test. She is the fifth-grade daughter of Mr. and Mrs. Roy Lyles.

Other boy scouts who went on the ski trip were Tracy Byrd, Charles Childs, Randy Cooper, Roy Davis, Lesley Davis, Doug Davis, Brad Johnson, Charles Morgan, Shade Osborne, Eric Rathjen, Kurt Rathjen, Stan Sanders, Denniss Scott, James Slack, and Mike Weaver.

Parents who accompanied the group were Roy and Nadene Lyles, Bob and Carolyn Byrd.

Bufs On Road Against UTA

West Texas State University's Buffaloes, attempting to halt a two-game losing streak, take on a pair of foes in road games this week.

The Buffaloes face the high-scoring University of Texas at Arlington Mavericks tonight and then travel to Memphis, Tenn., for a Saturday game with Missouri Valley Conference power Memphis State.

West Texas State will carry a 2-6 Missouri Valley Conference record into the contest in Memphis. It will be the first basketball meeting of the conference opponents.

One happy note is the return of a pair of injured players to coach Dennis Walling's camp. Reginald Ramey, the 6-8 freshman from Philadelphia, returns after breaking the index finger on his right hand two weeks ago against St. Louis.

Ramey and 6-5 forward Scott Doores, who was injured last week against Wichita State, both returned to practice Monday and are expected to make this week's trip with the team. Doores turned his ankle against Wichita in a 103-71 loss and didn't play in the 84-72 defeat by Drake.

Although Ramey and Doores will be able to see some action on the road trip Walling plans to start the same fivesome which started against Drake. That group includes Hector Rodriguez at center, Tommy Jordan and Mike Rodriguez at guards and Jerry Christian and Ray Golsen at forwards.

The Buffaloes defeated the Mavericks, 85-80, earlier this year in Amarillo.

John and Thelma Childs, Bob and Grace Bentley, Bruce and Judy Phillips, C. L. Morgan, Frederick Rathjen, Calvin Davis, and Gene Murray. Others who went along were Mark Morgan, Patrick Murray, Staci Lyles, Ricky Lyles, and Mark Byars.

For the past two years, the Roy Lyles family has maintained a family home at Red River, N.M., where the skiing family spends frequent weekends and holidays. Their son Randy is a weekend ski instructor.

Mr. Roberts, Carpenter, Dies

Norman William Roberts, 76, of 1805 7th Ave., died Wednesday morning at Neblett Hospital.

Funeral services are pending with LaGrone Funeral Chapel.

Mr. Roberts was a native of Cookeville, Tenn. He was born Dec. 3, 1896 and moved to Canyon in 1948. He lived here until 1950 and then moved to Vega where he stayed until 1956. In 1956, he moved back to Canyon. He was a carpenter.

Mr. Roberts was a member of the First Christian Church of Canyon. Two years ago, he was named an honorary life deacon of the church.

He was a veteran of World War II. On Feb. 25, 1919, he married Hazel Conley and they celebrated their 50th wedding anniversary in 1969.

Survivors include his wife, Hazel, of the home; a son, David C. of Houston; daughters, Mrs. W.B. "Bonnie" Mills of Aspen, Colo., and Mrs. Norma Jean Wingham of El Paso; sister, Mrs. W.A. Moore of Goree, Tex.; brothers, Oakley of Goree and Evan of Memphis, Tex.; and 11 grandchildren.

Census Bureau To Seek Data

A sample of households in this area will take part in a nationwide survey on employment and unemployment to be conducted next week by the Bureau of the Census, it was announced recently.

The survey is taken monthly by the bureau for the U.S. Department of Labor. The households interviewed are scientifically selected to represent a cross section of all households.

Statistics on conditions in the labor force from month to month provide a continuing measure of the economic health of the nation. In December, for example, total employment increased by 280,000 to 82.8 million (seasonally adjusted), continuing the strong upward trend in evidence since mid-1971. The revised unemployment rate for December was 5.1 per cent, down from 5.2 per cent in November and from 6.0 per cent a year ago.

Information supplied by individuals participating in the survey is held confidential by law and is used only to compile statistical totals.

No Tech Response Yet On Renewed Competition

No response has yet been heard by local officials of the West Texas Ex-Students, Inc., to their call Monday for renewed competition between WTSU and Texas Tech in all varsity and junior varsity athletics.

Hank Brown, executive director of the exes, said Tuesday he has heard no word from Tech officials concerning the ex-students request.

The exes will carry their campaign to Lubbock Monday where Brown, Exes President Wayne Rankin, WTSU Athletic Director Gene Mayfield and WTSU Regent Kent Hance will hold a press conference to reiterate their request.

Rankin, Brown, and Mayfield held a press conference in Amarillo Monday to initiate their campaign to have WTSU and Tech compete again in football, track, golf, tennis and basketball on a varsity and junior varsity level.

"Though Tech and West Texas have a rich athletic heritage of competition with each other, teams from the two schools are meeting in only two sports this year, track and golf," Rankin said from a prepared statement. "In recent years, they have competed in tennis but have not fielded teams against each other in football and basketball."

"We call on the Regents, the Administrations, and the Athletic Departments of both schools to proceed immediately with plans to compete with each other in tennis, football and basketball."

The Amarillo Chamber of Commerce issued the following statement through Carl Hare:

"Frankly, having business interests in both cities it surprises me that the retail merchants in Lubbock have not insisted on a renewing of this area rivalry, as it should bring 20,000 additional fans to stay in Lubbock and spend money there. Speaking for Amarillo, we are looking forward to a time when the stadium at West Texas will bring those numbers of fans to us."

Rankin said there are two basic reasons why the exes are seeking and supporting a renewal of athletic competition between the two schools.

Local Student Is On Honor Roll

Jon J. Green of Canyon was one of 153 students named to the honor roll at Weatherford College for the fall semester according to an announcement by Dean James Barnett.

Green's grade average was 3.5. Students were named to the Dean's list if they had an average 3.0 grade points with no grade lower than "C". To be considered for the honor roll, a student must be full time and taking a minimum of 12 semester hours.

You can sell most anything with a want ad. Call 655-7121.

"These two great universities serve the same primary area, the Panhandle and South Plains regions of Texas," he said. "The citizens of this great area are the basic supporters of each school's athletic program. And, these people want this rivalry renewed and will, as they have in the past, support it by purchasing tickets to games between the two schools."

"Both schools will gain financially from a renewal of this competition. In football and basketball, games between the two teams will attract capacity attendance every time they play. In spring sports, the short distance between the two campuses will effect substantial savings because it will make possible shorter trips for each team than they now make."

"The increased revenue in football and basketball and the savings in shorter trips in spring sports should enrich the athletic treasuries of both schools by thousands of dollars each year."

Rankin noted that Tech and WTSU are both members of respected conferences.

"Competition should be heated, the financial rewards generous, and both schools will be fulfilling an obligation to their supporters," he said. "Texas Tech and West Texas State cooperate in many areas in providing a high outstanding quality education to the young people enrolled at both schools. We call on them to expand this cooperation to the athletic fields."

Officers of the new women's group, United Methodist Women, are pictured with two of the speakers at their "Day of Celebration," held Tuesday. They are, seated, Mrs. Walter Cranmer, president, Mrs. Joe Rice,

treasurer, and Mrs. Clyde Warwick, guest speaker. Standing are Mrs. Bill Tirey, vice-president, Mrs. Rae Walters, guest speaker, and Mrs. Stan Elliott, secretary.

Teachers Hold Meet In Canyon

About 120 high school vocational teachers were in Canyon last weekend for a Panhandle area conference and workshop session.

The group, made up of instructors of Day Trades, Industrial Cooperative Training (I.C.T.), and Cooperative Disadvantaged Educational classes, included Harold Hagemeyer and Mickey

Hathaway of Canyon High School. Hagemeyer heads the Building Trades course and Hathaway is in charge of the Auto Mechanics course.

In a Friday night session held at the Canyon Junior High School, the group broke up into small workshop sessions, and on Saturday at the high school, a general meeting was held.

During the Saturday gathering, Claud Zevely, Director of Learning Disabilities at West Texas State University, was the principal speaker.

Going somewhere? Or been? The Canyon News wants to know about it—and so do its readers.

Special chamber edition

The Canyon News

CANYON, TEXAS

FEBRUARY, 1973

One Chamber of Commerce activity each year is the putting up of Texas state flags along the major thoroughfares in Canyon to tell folks that the musical-drama "TEXAS" is being presented nightly at Palo Duro Canyon. The flags fly during the summer months.

Chamber together at fete tonight

The Canyon Chamber of Commerce will be at its most visible tonight.

The various parts of the chamber will come together at the West Texas State University cafeteria to listen to a speaker and honor two outstanding citizens for the past year.

The banquet comes once a year and for some it's their only exposure to the chamber.

But, a year of activities hardly begins or ends with the Chamber banquet.

Although it can be viewed as an aggregate today, the chamber works throughout the year on a daily basis to promote Canyon and its assets.

As the story of the chamber is difficult to tell in one issue of a newspaper, so it is difficult to point to the specific effects of the chamber's work.

This special edition of a tabloid-size Canyon News is dedicated to The Canyon Chamber of Commerce. Included inside are stories on the key officers in the Chamber, the function of the Chamber through its committees, the growth of the organization over the years and other pertinent information.

The effect has, no doubt, been cumulative and effective.

In terms of visible, or above-the-surface activities, the chamber has tackled dozens of projects in 1972 and the early part of 1973.

Working through the chamber board of directors, the group has prepared breakfast for hungry exhibitors in the Randall County Junior Livestock Show, prepared a week and weekend of fun for Canyon residents during the Canyon Days Celebration, treated new teachers and faculty members to a dinner, sponsored a bicycle safety week, and initiated or participated in many other activities.

The chamber board has worked enthusiastically on supporting legislation to have U.S. 60 redesignated an interstate highway, to have Interstate 27 go west of Canyon rather than east, and to work out ways to help WTSU gain students.

But, to review such activities in retrospect is not to say those activities have ceased.

The chamber's job is a continuing effort to support the city and university and the city's business and industry.

Only part of the chamber story is told on these pages.

Chamber future bright, new president declares

This year's president of the Canyon Chamber of Commerce, Raymond Raillard, is optimistic about the future of the chamber.

"I think the Chamber will continue to take an active role this year in a number of events, just as it has been doing for years," he said. "I think as our budget begins to grow, we'll be able to do more."

Raillard is particularly interested in watching the progress of the Chamber's newest committee—the merchants committee.

"If they can get all the merchants of the city working as a unit, they'll be doing a lot for our city itself, I think," he said.

Raillard sees his job as promoting Canyon as "a nice place to live."

"This is a nice place to live," he stressed.

He expects the Chamber to continue printing about 3000 brochures telling of Canyon this year.

And, he wants the Chamber to stress promotion of West Texas State University.

"The other day, for example, counsellors were here from all over the Panhandle," he said. "They came in to see the campus, meet some of the faculty and staff and see whether they want to send their prize students to WT."

To help WTSU sponsor the counsellors' visit, the Chamber bought the visitors' lunch while on campus.

Raillard also looks for success in the usual annual programs the Chamber sponsors, events like the Canyon Days Celebration, the Bicycle Safety Week.

But, he wants more. "We need more participation in the Chamber, more membership, more people to express their ideas," he said. "We could sit in a board meeting for hours and not do anything. If someone has an idea, we'd appreciate receiving it."

Objectives unchanged

The basic objectives of the Chamber of Commerce have remained unchanged over 33 years.

A Canyon News article in 1940 indicates the following objectives for that year for the Chamber:

*Two publicity trips over the Panhandle, one in May and one in August, to present facts about WT and Canyon.

*Two large road signs, one north and one south of Canyon, directing attention to educational and recreational advantages of Canyon.

*Distributing 25,000 illustrated folders.

*Promotion of a Citizenship Day in Randall County on May 8.

*Entertaining members of the legislature from Northwest Texas (See OBJECTIVES, Page 3)

For Raillard, the Chamber faces certain projects which deserve higher priority than others.

"A top priority now is sighting in with West Texas State University and doing whatever we can under their advisement to help them in recruitment programs," he said.

Another priority is making Canyon and its many assets known to "every person we can

reach because we've got something here."

Community development is also a priority item.

Raillard believes these things must come before the seeking of industry for Canyon.

"If we make the community attractive enough and it has an appeal culture-wise and education-wise, then industry could come here," he said.

What can one man do to promote city?

What can one Canyon resident do to promote his city?

Chamber of Commerce President Raymond Raillard believes the impact of one man can be great.

"That one citizen, if he doesn't do anything else, can when he leaves Canyon on a vacation or business trip, go away with correct information about the city," he said. "He can take brochures and give them to friends or leave them in motels."

Word-of-mouth is an effective promotional device, Raillard says, and he pointed to an example of how word-of-mouth has hurt the

Panhandle area.

Exaggerated talk of the weather, the wind and the dust of the Panhandle have immeasurably hurt the area, he said.

"People don't know we have 340 days of sunshine a year," he said. "They're not told that Canyon is a good, safe place to live."

On a local basis, Raillard said service station attendants, motel operators and restaurant workers should become familiar with the attractions around Canyon, familiar enough to be able to inform visiting tourists of the many spots of interest here.

The Canyon Days Celebration is another Chamber-sponsored activity. Last year, the Days were highlighted by a jump by members of a parachute club.

Congratulations

Committees set chamber policy

Organizationally, the chamber board of directors sit atop a group which consists of more than 200 businesses and individuals.

But, their operation is mainly one of policy setting and direction. For the chamber board are 10 committees, which formulate plans of action and programs to pursue during the year.

The Agriculture Committee, headed by Dr. Charles Smallwood, is this year setting its sights on promotion of the annual breakfast for exhibitors in the Randall County Junior Livestock Show, support and promotion of the county's Food and Fiber Abundance Week, and promotion of tours of Randall County agriculture industries. Cordell Huddleston is co-chairman of the committee.

Support of programs for student recruiting for West Texas State University is a priority project for members of the chamber's Education Committee, which is headed by Gene Glazener. In addition, the committee is scheduled to plan and promote awarding of the Chamber's Merit Award Plaque, the businessman-new faculty dinner next fall, and the annual athletic watermelon feed. Co-chairmen of the committee are Weldon Trice and Dr. Kenneth Laycock.

Three big programs are on the agenda this year for the Community Development Committee,

with Cary Magness as chairman. The committee is planning to promote the annual Canyon Days Celebration this summer and shortly thereafter the annual Bicycle Safety Week. Already the committee has planned a successful basketball game between the chamber and the KGNC Fourflushers. Co-chairmen of the committee are Woody Pond, Kenneth Thompson, John Childs and David West.

David West and Eddie Knowles are continuing their work on promotion of the redesignation of U.S. 60 as an interstate highway as part of their job on the Highway Committee. Just last weekend West and Knowles and 6 other Canyon residents traveled to Roswell, N.M., to show their support for the federal program. West chairs the committee with Knowles as co-chairman.

The Legislative Committee, headed by Jim Brown, is concerned this year with the promotion of legislation at the city, county, state and federal levels which might impact on Canyon and county citizens.

John Childs, as chairman of the Membership and Finance Committee, has kept up a continuing program of membership development. His job, too, is to ensure adequate financing for programs the chamber wishes to pursue. Joe Gidden is co-chairman of the committee.

The Member Relations Committee, headed by Raymond Raillard, has also already begun work, mailing a quarterly news-

letter to chamber members and arranging for and promoting tonight's chamber banquet. In addition, the committee is charged

with responsibility for planning future membership breakfast meetings. Last fall, the chamber sponsored a highly successful breakfast and more are planned this year.

The Red Carpet Committee, chaired by Larry Hooper, has just one responsibility—to serve as good-will ambassadors for the city. But, the responsibility is a big one as the members attempt to greet visitors to the city throughout the year.

Randall County's assets—the university, Panhandle-Plains Historical Museum, Palo Duro Canyon, and the musical-drama "TEXAS"—are promoted through the work of the Tourist Committee, headed by Jerry Williams. Jozach Byrd and Boone McClure are co-chairmen of the committee.

The chamber's newest committee is the Merchants Committee, headed by Ken Thompson. The committee met recently and outlined a program which included the printing of a brochure listing all Canyon businesses for distribution through service stations, restaurants and the businesses themselves to tourists and students.

Betty Markham, president of the Women's Division, and Roland Black, chamber manager, look over final details for tonight's annual banquet. Mrs. Markham just assumed presidency of the division. Black has been chamber manager

Black longtime chamber manager

The Canyon Chamber of Commerce has had three homes during the past 20 years but only one housekeeper, Roland Black.

A native of Canyon, Black said, "I live in Canyon because I like it."

Black graduated from Canyon High School and attended West Texas State University three years before entering the U.S. Army with the 36th Division in November of 1940.

After serving in Europe and later in Korea for three years during that conflict, Black was assigned to Ft. Hood where he met and married his wife, Deta, in 1950. Mrs. Black is a native of the Temple-Rosebud area.

Mrs. Black had been a registered nurse with the U.S. Army in Europe during wartime. Following their marriage, Mrs. Black was released from active duty in 1952 while stationed at Ft. Hood. After Black's release in 1953, the couple moved to Canyon and he joined the chamber of commerce.

Mrs. Black is now a registered nurse at Neblett Memorial Hospital.

When Black went to work for the local chamber, it was located on the south side of the downtown square. In 1956 the office was moved to the old Olympic Theater building on the opposite side of the square, and in July of 1966 it was moved to its present location at 2010 4th Ave.

Black considers hunting, fishing and camping to be his favorite pastimes, more so in the past than at present. "Even when I was a kid I liked to fish and hunt," he said.

The veteran spokesman for the chamber said he also enjoyed playing golf and "watching nearly all sports." He played football in high school and was on the boxing team while attending WTSU.

Black also said he liked to travel and see new country. He mentioned that the mountains were of special interest to him. "And to catch those trout," was another marked comment.

Black said he had seen the university, the city and the county grow, often overcoming obstacles. "I still think Canyon and the university have a great future," he said confidently.

Naming the university as a ma-

jor part of life in Canyon, Black said his city was one of the best places he knew of to live and to raise a family. "We don't have the problems that a lot of larger cities have... like crime," he said. He went on to name other aspects of Canyon living that appealed to him. "It's a clean town with good climate and friendly people."

He pointed to the educational advantages offered by the city with the statement, "A man can actually educate his children without them ever leaving home."

According to Black, the tourist industry is becoming a big business in Canyon. "Last year," he said while checking figures, "over a half-million people visited the Canyon area." Most were counted at the Panhandle-Plains Museum, Palo Duro Canyon and the musical drama, "Texas."

Said the chamber manager, "If we keep up the pace of capitalizing on the tourist industry, one of these days it will become one of our largest industries."

Among the items and attractions that bring people to the Canyon area, Black listed the university, the museum, Palo Duro Canyon, "Texas," and Buffalo Lake.

Once people come to Canyon, it is things such as climate, friendliness and cleanliness, good schools, the tax rate, lack of crime and the quality of the people that help make them stay or return again.

Tourism, educational facilities, agriculture, industry and general business all lend themselves to making a bright future for Canyon and the immediate area, Black said.

Black was high in his praise for the chamber's boards of directors under which he has served during his 20-year stay as manager.

The boards of directors have been the best people in the world to work for... and the people and the merchants too. I've never found anyone like them." Black added that recently the board of directors had taken some of the work load from him by utilizing more active committees.

According to Black, the work load in his office has increased considerably since he joined the chamber in 1953.

12 directors provide chamber leadership

Twelve directors lead the Canyon Chamber of Commerce each year, directing activities, dreaming up new promotional efforts and providing leadership for various projects.

President of the Chamber for 1973 is Raymond Raillard, the business manager for the musical-drama "TEXAS," which is produced annually during summer months in Palo Duro Canyon. Raillard was formerly associated with a Canyon lumber business before joining the musical production at the start of its first season 8 years ago.

Vice president for 1973 is Cary Magness,

local insurance agent, who has served several terms on the chamber board.

Treasurer is David West, immediate past president. West is vice president of First National Bank in Canyon.

Chamber manager is Roland Black, who also serves as veteran service officer for Randall County.

Directors include:

Kenneth Thompson, manager of Anthony's in Canyon and a relative newcomer to the city.

Thompson currently heads up a new merchants committee of the chamber, which will seek to unify

the town's merchants in efforts to attract more local business.

Dr. Charles Smallwood, well-known dean of the School of Agriculture at West Texas State University, who has used his organizational and management ability to spur the university's agriculture program from a department status to its current school status.

Larry Hooper, formerly a Canyon real estate man, now associated with the First National Bank.

Jim Brown, a Canyon attorney.

Lt. Col. John Childs, a professional military man, who has spearheaded such chamber activities as membership drive and the bicycle safety week. Childs is professor of military science at West Texas State University.

Woody Pond, Randall County's judge, who since his term in county office has actively taken part in various youth programs, including aid to Boys Ranch and Gristown. He is president of numerous associations connected with county government.

Gene Glazener, local accountant.

Jerry Williams, locally known for his portrayal in the annual musical-drama "TEXAS," as Tuck Yeldell, and who owns and operates a business in Canyon, Williams Etc.

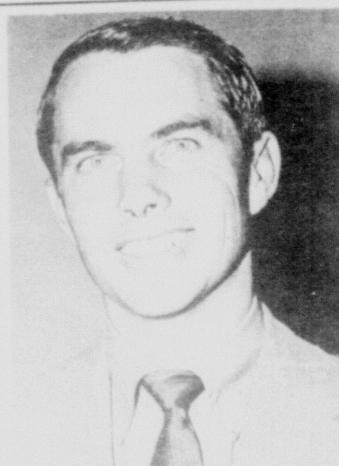

Cordell Huddleston, vice president of West Texas State Bank, and a relative newcomer to Canyon.

President orchestrates chamber, musical play

Raymond Raillard had an ear for music even as a boy as he bowed a fiddle in Dalhart. Today, he orchestrates the financial end of a musical production which has captured the imagination and support of thousands of people.

Raillard says he's part public relations and part business manager for the annual musical-drama "TEXAS," which plays each summer to thousands from across the country in Palo Duro Canyon.

And, it's those two abilities which have brought Raillard to the top of the Canyon Chamber of Commerce. This year, he's president of the chamber.

Raillard describes himself as "just a kid," when he started playing the fiddle and then the clarinet in Dalhart. He pursued his music through high school and on into college when he attended West Texas State University.

Following graduation, he taught music first in Wheeler and then at Floydada.

But, his music and teaching career was halted abruptly by World War II and in January 1942 Raillard went into the Army.

Nevertheless, his interest in music went unflagged.

"We could always whip up an orchestra or band just for the fun of it," he said.

After nearly three years in England, France and Germany, Raillard switched from teaching to the lumber business in Amarillo.

"I never lost interest in music," he says. "I just learned better."

Later, Raillard moved to Canyon and became associated with Sternberg Lumber Company.

Then, with the idea of a musical production in the amphitheatre in Palo Duro Canyon floating around, Raillard joined the board of the Panhandle Heritage Foundation.

"I watched the amphitheatre being built," he said. "I was interested in it and thought it had some good prospects. So when the board of directors invited me to work with it, I decided it was a good time to change professions again and get into outdoor drama."

That was eight years ago. Raillard's first year with the show was a spectacular success for "TEXAS," as 61,000 persons passed through the gates to watch the actors in Paul Greene's drama dance and whirl and portray early day pioneers.

Last summer, "TEXAS" was seen by 82,000 persons.

Raillard accepts little credit for the tremendous growth of the show.

"The reason (for the increase) is the quality of the production," he said. "The directors have built a quality show. And, I give Mrs.

Objective. . .

in November.

*Full cooperation with the officers of Northwest Texas Conference of Education in promoting the annual conference at WT.

*Promoting the cooperation of all citizens of the community with the Chamber of Commerce during the year.

*Carrying on the regular functions of the Chamber of Commerce; assisting in entertaining the Panhandle High School Press Association; assisting in broadcast of Home coming events; assist Canyon High School Band, Parent-Teachers Association, FFA projects; Garden Club beautification prizes; equipment for Boy Scouts; West Texas Chamber of Commerce dues; assisting Interscholastic League; decorating streets at Christmas; advertising in several publications.

(Margaret)Harper credit for telling people about it."

Even before his involvement with "TEXAS," Raillard was involved with the chamber of commerce. He estimates his work with the Chamber in one form or other as extending over 15 or 20 years.

And, he has some definite ideas about what a chamber should be and do.

"The Chamber should promote the area or city to your own people to start with," he said. "And, then to other people in the surrounding area and maybe at a distance."

The Chamber should also improve conditions in the community where possible, he noted.

"It serves as a unifying force for

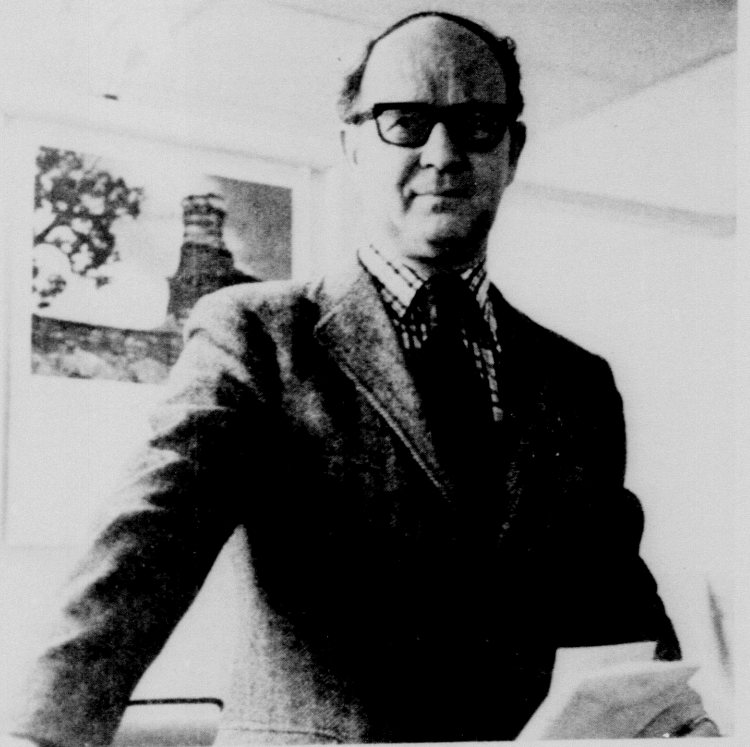

the community," he said. "It's a place where people from all areas and thoughts can come together and express their views and get some attention."

Looking at the past, Raillard said he believes the Chamber has "done a darn good job" with limited funds.

For the future, he sees Canyon developing not as an industrial city, but as a culture center, an education center and "a nice place to live."

And, he believes Canyon must promote itself as those things.

Raillard, who is also a member of the Canyon Rotary Club and the First Baptist Church, has a wife, Virginia, and three sons, Mark, Mike and Miles.

Memberships key to chamber work

Membership promotion is a continuing job for Lt. Col. John Childs, who during the past year has seen Chamber membership climb to 246 businesses and individuals.

Currently, the chamber has 102 business memberships and 144 individual memberships, contributing a total of \$11,392.

This figure compares with a 1972 total of 94 business memberships and 118 individuals, contributing \$10,728.

In 1971, business memberships totalled only 80 and individual memberships just 83.

Far from being satisfied, however, Childs wants to continue his push for members, striving for a goal that every business in Canyon will join the chamber.

And, he's not shy in his belief in the good the Chamber does.

"The individual, I think, should realize that this Chamber develops Canyon, helps promote the university, the town and local business," he said. "Some people say they don't want Canyon to grow into a large city and I can understand that. But, if we can in-

crease our tourism for example, that will increase the amount of money in town."

For the business, Childs believes chamber membership is a must.

"There is a direct relationship between the amount of money spent here and the size of the university and the number of tourists who come here," he said. "We can only promote the university and tourism if we have the merchants' interest and a little of their money."

Childs said he firmly believes that money invested in the Chamber provides support for "the best advertising media in the Panhandle."

And, he's not talking about a lot of money, either.

Business membership can cost as little as \$5 per month. Individual membership minimum is \$2 per month.

Childs believes membership in the Chamber will continue to rise.

He plans to promote membership through more membership breakfasts, such as the one sponsored last fall which attracted about 200 persons.

Women top goals

The Women's Division of the Canyon Chamber of Commerce plays an important role in promotion of the city and often is able to do it in a manner not known to man.

Canyon's women chamber members organized their group in 1970 and since that time have accomplished several goals and helped the chamber accomplish others.

One of their most notable con-

tributions to Canyon was in helping raise funds to buy Christmas decorations for the city. This was done through such fund raising ventures as sponsoring benefit basketball games and holding a huge garage sale.

The group also acts as hostess for social functions held by the chamber and this week welcomed about 40 Lubbock chamber women to Canyon for a day-long visit. The

Lubbock women toured the Panhandle-Plains Museum, the West Texas State University activities center, and Mrs. James P. Cornette's Art Gallery.

The visiting group was taken to the WTSU cafeteria for lunch.

Other major contributions made by the women's group include the installation of a fountain in Conner Park and having served as hostess for "They Came From Spain" and "Texas."

The women also have taken over the task of decorating for the annual chamber banquet. They make the decorations themselves.

Said chamber manager Roland Black, "They take a load off of the men and do things that take a woman's touch." He added that they have taken over several programs that in the past had to be done by men members. "And they have done a good job."

Black went on to say that their work at banquet time was superb. "We were just getting by but now we are proud of the decorations since the women have been doing it."

Mrs. Betty Markham is the organization's current president. Mrs. Marion Thompson is vice president; Mrs. Lois Rice 2nd vice president; Mrs. Christine McGlasson secretary; Mrs. Bitsy Downing treasurer; and Mrs. Mary Alice Hines is in charge of publicity.

Other directors on the board are Mrs. Shirley Donnell, and Mrs. Edith Davis.

According to Mrs. Markham, the purpose of the organization is to coordinate plans of their group with the general membership of the Canyon Chamber of Commerce and to enlist the talents and training of the civic minded women into activities of the community.

"And we also provide a task force of women ready and willing to aid the chamber of commerce when a woman's touch is needed," said the group's president.

The organization, which counted about 35 members last year, is open to any woman interested in making Canyon a better community, said Mrs. Markham.

She said dues are \$12 per year and that the group meets six times each year.

According to Mrs. Markham, the meeting place varies, depending on the program. "We work mostly by committees who report to the board," she said.

Past presidents of the women's group include Mrs. Edith Nicholas, Mrs. Lorene Olsen and Mrs. Virginia Cotton.

Bicycle races were run last summer under Chamber sponsorship to promote bicycle safety in Canyon. The races attracted several hundred persons to the downtown square for an afternoon of thrills and spills.

New board helps

During late 1972, a new organization in Canyon was formed—not necessarily as a part of the Chamber of Commerce, but certainly as an outgrowth of Chamber interest and promotion.

During the fall, Chamber board members presented to Canyon City Commissioners a proposal that a Board of City Development be formed for the city.

The Chamber proposed that the board's activities be financed through city allocation of 1 per cent of the Canyon budget.

Later, during the winter, the Chamber presented a proposed budget. The city commission has yet to approve the proposal.

Chamber Board President Raymond Raillard explained why the chamber pushed for organization of a Board of City Development and how the board will differ from the Chamber.

"Texas 10 years ago decided it should do something to attract

tourists," Raillard said. "So, it started the Texas Tourist Development Agency. Since they've been going, the tourist business has increased every year."

Seeing the success of the statewide effort, large communities throughout the state began exacting a motel room tax, money from which was used to promote tourism for the cities.

Small towns, like Canyon, were unable to gain revenue through the motel room tax and were subsequently "left with nothing to stand on," Raillard said.

Then, in 1970, the Texas Legislature passed a bill which allows cities to turn over as much as 1 per cent of their annual budgets to establish and run boards of city development.

The chamber board felt a need for such a board to fill a gap caused by lack of funds in the chamber itself.

Late last year, the city commission created the Board of City Development, which consists of Raillard, Dr. T.D. Freidell, Eddie Holcomb, Ken Thompson and Joe Gidden.

The newly organized board presented a budget seeking \$5600 from the city.

Funds have yet to be allocated. "We don't know for sure what the city budget is going to be," Raillard said. "Whatever they give us we'll take and invest it to do the most good."

Several projects to promote tourist development and thus development of Canyon have been outlined tentatively by the board.

A primary project will be publication of about 25,000 brochures which will include information on Canyon, the Panhandle-Plains Historical Museum, Palo Duro Canyon, Buffalo Lake and "TEXAS."

Another project will be a small newspaper, which will tell of the attractions in Randall County in more detail than allowed in the brochures. The newspapers will be distributed through local service stations, motels, restaurants and businesses.

The board will also seek to have a community profile completed and published for use in attracting industry or other businesses to Canyon.

Raillard commended the concept of the board of development.

'73 Budget Is \$11,000

Chamber board members approved recently a budget for 1973 of \$11,737, an increase over the 1972 budget, and most chamber officials agree the key to the chamber's effectiveness is the amount of money it has to work with.

Income for the coming year is anticipated to come from membership dues and from a 1972 balance of \$1,199.

Items included in the 1973 budget for expenditure include the following:

Salaries —	\$6600
Social Security Tax —	\$397
Employment Tax —	\$63
Rent —	\$900
Office Supplies —	\$600
Dues —	\$100
Committees of the chamber have the following budgets:	
Member Relations —	\$300
Tourist —	\$450
Agriculture —	\$350
Community Development —	\$1000
Education —	\$757
Membership and Finance —	\$10
Red Carpet —	\$50
Legislative Affairs —	\$10
Highway —	\$50
Business Development —	\$100
